ARTISTS TAKE THEIR TALENTS ON THE ROAD

On Thursday, a group of Lockerby artists visited Cambrian College to take part in their Creative Challenge event! Schools from around the city met for the day to take part in a variety of workshops related to creative industries. Guided by Cambrian's professor, Johanna Westby, students were challenged to paint blind contours of the person sitting across the table. A blind contour is when you draw (or paint in this case, so you can't erase) by looking at an object and rendering it on a surface without looking at the surface. This activity challenged students to trust the process and accept mistakes–maybe even laugh at them. Thanks Cambrian for a great day!

MINING ENGINEERING STUDENTS REACH NEW HEIGHTS

Specialist High Skills Major (SHSM) Mining Engineering students earned their Working at Heights certification. The certification is essential for many career paths in the mining sector! Our Vikings learned what safety requirements are required when working at heights and got a chance to practice putting on a harness and tying off from a safe height (i.e. on the ground).

GRADE 10 STEP CIVIC ACTION

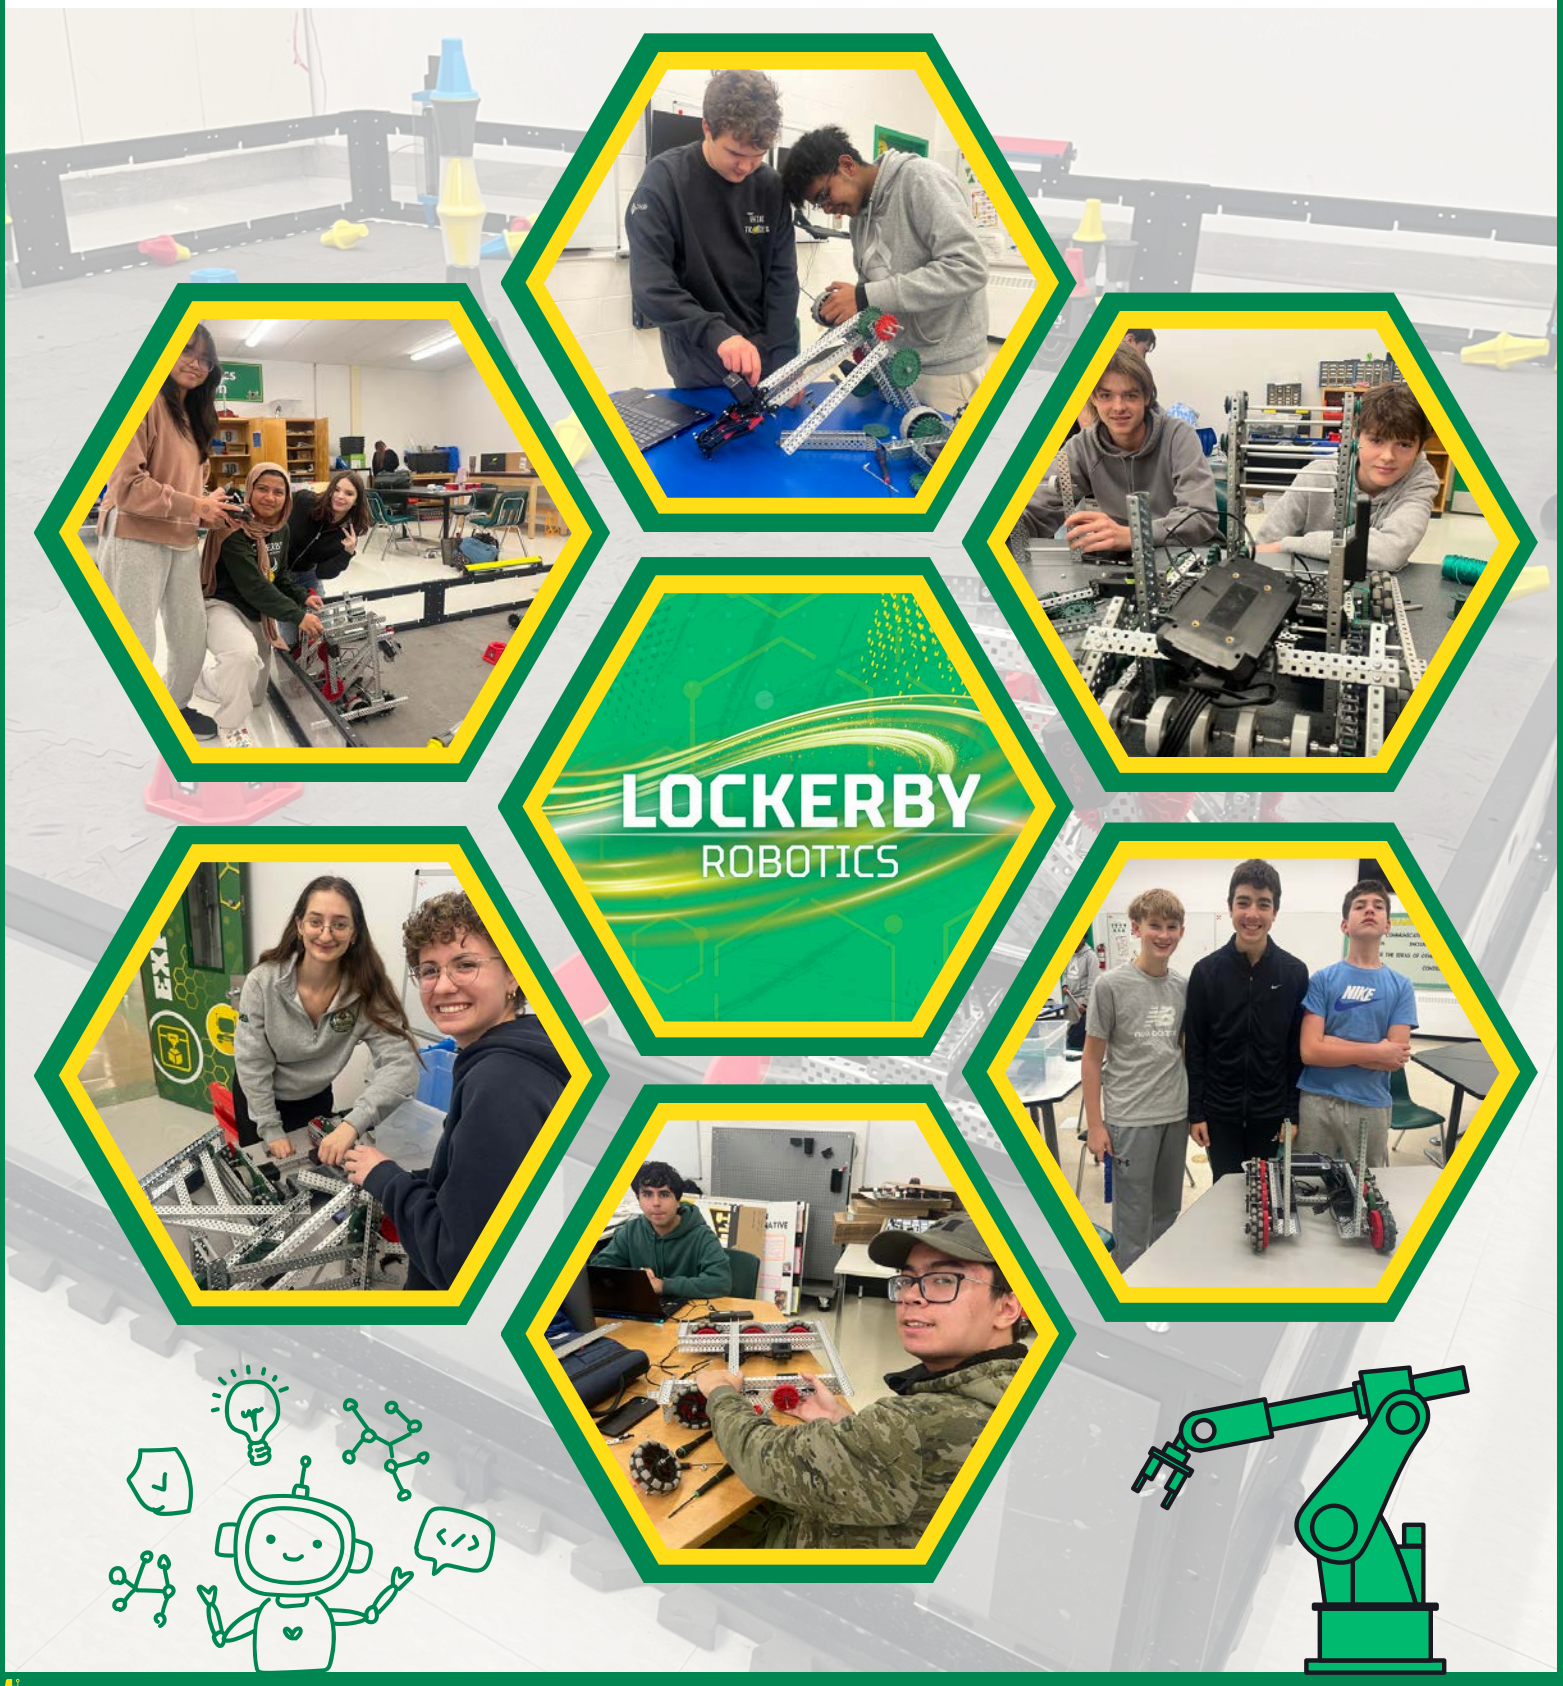
Grade 10 STEP students have continued to work on their cross-curricular project during their STEP Integration Days. The Viking Community is looking forward to seeing the projects being put into action!

GATORS VISIT VIKINGS

On Monday, Grade 8 students from Alexander Public School had the opportunity to visit Lockerby Composite! The day was great as some of our future Vikings were able to experience what high school will be like next year!

LOCKERBY ROBOTICS

Lockerby Robotics student teams are continuing to work hard on their robots in preparation for the Lockerby In-House Tournament in a couple of weeks! During the In-House Tournament, students will be putting their robots to the test (prior to local and regional events) when they face other teams in the VEX V5 Robotics Competition called 'Override.'



REPORT CARD DISTRIBUTION

Attention Students and Parents/Guardians:

Midterm Report Cards were distributed in homerooms on Monday, November 23rd, 2026. Student without homerooms can still come to the Main Office to pick-up their report cards.

Congratulations to all of our participants and thank you to Lockerby Staff for supporting them through the process. The results are expected to be released at the end of January. THIS WEEK IN VIKING ATHLETICS...

Hockey

Congratulations to our Girls Hockey team for starting-off their season strong! Despite a loss to Lasalle Secondary School on Tuesday evening, the Vikings tied St. Benedict's 5 - 5, with goals scored from Maya, Kayleigh (x2), Nevaeh, and Layla! A big shoutout to Kylie for her amazing debut between the pipes! Also this week, our Boys Hockey team was back in action as they took on ES Horizon. After a hard fought contest, the team was unable to come away with a victory.

Curling

The ice at the Idylwylde G. & C.C. may have melted a touch this week (resulting in game postponement), but the spirits were high at the Sudbury Curling Club when both of our teams took on Marymount Academy and Lasalle Secondary School. Although the teams weren't able to draw and tap their way victory, great games were had by all in their first games of the season! The Girls team is back on the ice next week when they take on Bishop Carter Secondary School.

Volleyball

Both the Junior and Senior Girls Volleyball teams have hit the court! Even though the SDSSAA City Championships Regular Season starts next Tuesday, the teams played in the annual season opening tournament. A tune-up for great things ahead, both teams played very well!

Weekly Wellness Tip

Brought to you by: Lockerby's Headstrong Club

Self-care isn't just about drinking water, sleeping enough, and exercising. It's also about setting boundaries. Sometimes, we take on too much and end up feeling overwhelmed.

Self-care means protecting your time and energy, and saying no to requests that you can't take on right now. This is part of staying well.

Join our club - next meeting is Monday Nov 30 at lunch in the library
