

The Lockerby Newsletter

LCS News Update (December 18 - 22, 2017)

HOLIDAY CHEER

Adopt-A-Family

On Wednesday, December 20, we held our annual Adopt-a-Family assembly in the gym. The sponsoring organization, Our Children, Our Future, had several representatives present who thanked us and then collected the food and gifts for distribution to each family. Over the past three weeks, staff and students at Lockerby adopted sixteen local families in order to make their Christmas a little brighter. Thank you to Ms. Baggs, Mrs. Beaudry, Mrs. Potvin, and Mrs. Peloso for organizing this special community event again this year.

Gillette Razor Giveaway

Lockerby Composite School received one Gillette Fusion Proshield Razor Sample Kit for each of our Grade 12 male students who are graduating this year. The boys were very grateful for this unique Christmas Cheer.

Art Students Unit for Holiday Concert

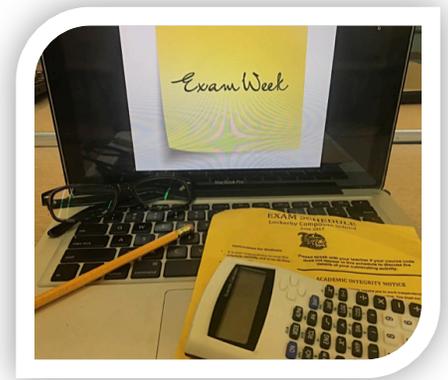

For three weeks, senior art students worked on a mural-sized painting of The Polar Express. When asked to create this artwork for the Holiday concert put on by Lockerby's talented music students, Jenna Neilson enthusiastically took the lead. Thanks to all of the students who worked on this beautiful work of art, including Argyll Boyd, Gillian Evers, Kate Pylatuk, Scotia McNeil, Garett McCulloch, Rya Funk, Sabrina Lounsbury, and Tess Greene.

STUDENT SERVICES

Exam Schedule

Lockerby's Term 1 exams will be taking place from Thursday, January 25th to Tuesday, January 30th, 2018. Wednesday, January 3rd, 2018 will be used in case we have a snow/ice day during the exam schedule. Please see attached document for each individual exam details - date and time.

Grade 12 students

Lockerby's Convocation Ceremony - June 4th, 2018

Lockerby's annual convocation ceremony will be occurring on June 4th, 2018 at 6:30 pm in Cambrian College's gymnasium.

Canadore College - Second Visit – January 18th, 2018

Jessie Russell from Canadore College will be visiting our school at 11:45 am to talk to our potential graduates who have applied to Canadore. He will be able to answer any last minute questions prior to the application deadline of February 1st, 2018. Students who are interested in taking part in this small group presentation are asked to see a guidance counsellor to book their spot.

TRANSITION OPPORTUNITY

NOARCS Mental Health Transition Program

Successful Transitions Online and Mentoring Program (STOMP) is a program run by the Northern Ontario Assessment and Resource Centre (NOARC) at Cambrian College and is funded through a grant from the Mental Health Innovation Fund, provided by the Ministry of Training, Colleges and Universities. STOMP is a transition program that has been funded by the Mental Health Innovation Fund as a pilot project and aims to support students with mental health disorders as they transition to post-secondary. This is the third year of the pilot project. Students who are interested in this program are asked to register with a guidance counsellor prior to January 12th, 2018.

Grades 9-12

VOLUNTEER OPPORTUNITY

2018 Pond Hockey Festival On the Rock - February 2-4, 2018

There are a number of volunteer positions available for students during this year's annual pond hockey tournament. Interested students are asked to sign up using the registration form on the website <http://www.pondhockeyontherock.ca> between December 1st, 2017 and February 1st, 2018. There are prizes for the high school with the most volunteers - Lockerby placed 2nd in 2015 - Let's try to capture the title this year - sign up to volunteer today! Representatives from the organization will be at our school on Thursday January 11th, 2018 to assist with volunteer registrations as well as answer any questions.

EMPLOYMENT OPPORTUNITIES

G.B. Catering

G.B. Catering is looking for 150 students to work at their summer camps across Ontario. They have a variety of positions available including chief manager, sous chef, baker, cook, dining room supervisors, kitchen helpers, and dishwashers. Visit the company's website at www.gb.on.ca for more information on this opportunity.

City of Greater Sudbury

The City of Greater Sudbury encourages students to explore the diverse career choices it has to offer through its various summer employment opportunities. Summer Student Application Forms are available on the city's website - www.greatersudbury.ca/jobs. Applications must be received no later than Friday, February 17th, 2018 at 4:30 pm via email at <https://www.greatersudbury.ca/city-hall/jobs-at-the-city/current-opportunities/>.

Dynamic Earth Bluecoats

Dynamic Earth is preparing for its 2018 operating season (March through October 2018). They are looking for energetic and enthusiastic team players to fill Science Demonstrator positions. Students interested in joining the team should RSVP for a kickoff which will be held mid January 2018. Please visit www.sciencenorth.ca/employment and complete an application. Science North will follow-up with instructions on how to attend the event.

WHAT'S HAPPENING IN CLASSES THIS WEEK?

Grade 11 Technological Design – Mine Design

Grade 11 Lockerby students in the Technical Design course spent a couple of weeks learning about designing mines with the help of Adrian Belage from Hatch Engineering in Sudbury. Following a presentation by Adrian and some additional activities in class, the students practiced their knowledge by designing their own mines. A few students were given the opportunity to present their projects to a group of engineers at Hatch. Congratulations to Zach R., Maddy B., and Aiden K. who were honored with the opportunity. A copy of their project can be found on the following link - https://youtu.be/zqX4NLW-9_Q

Library Hosts Board & Card Game Night!

On Wednesday, December 20th Lockerby students and staff participated in our December game night. Games played included Euchre, Crazy Eights, Phase 10, Chess, Settlers of Catan, Pandemic and even Dungeons and Dragons. We had a lot of fun and hope to see you there at our next evening in early February.

Robotics Team

This past weekend, the Lockerby Robotics team participated in its first ever robotics competition in Sault Ste Marie. On competition day, despite several setbacks during the qualification rounds, the team managed to score consistently enough to get chosen to partner up with the top alliance led by the famous Lone Wolf Robotics out of Sault Ste Marie. The alliance won both the semi-final and final round and the teams were crowned Tournament Champions.

Lockerby's team was also awarded the Teamwork trophy.

As a result of winning the tournament, Lockerby has received an invitation to the provincial Vex Robotics Competition in St. Catherine on February 24th, 2018. Our Vikings are already back at the drawing board knowing the competition is about to get harder. We can't wait!

The team thanks event director Jonathon Budau and his organizing team for putting on such an amazing event and for providing so much help. We look forward to returning next year!

Grade Nine – Team Teaching - Science & Art

For two days this week, Ms. Donato's Grade 9 science class joined Ms. Benton in the STEAM Room and used art to learn about electricity and circuits. Armed with copper tape, watch batteries, LED lights, cardboard, and creativity, students made holiday decorations that lit up their classroom when it came to door-decorating day. Thanks Ms. Donato for coming up with such a fun way to learn about circuits.

Grade 12 English

Ms. Kleinstuber's Grade 11 and 12 students are working on their Inquiry Based Learning Projects. Anthony is researching streetwear, including how it started and its influence on fashion. His Spark Page highlights his findings. He was surprised to find the large impact streetwear has on high fashion along with how smaller brands are becoming popular. While streetwear influences culture, he has found that culture also influences streetwear.

Grade 9 Art

This week in Grade 9 art, Maya Trudeau introduced our class to a long-standing tradition of Indigenous Canadian art through beading. After sharing stories with the class about how beading is an act designed to teach patience and reflection, she took the class through the steps of this painstakingly detailed form of art. Maya is an experienced beader, so she was able to provide feedback about what type of designs could be accomplished in one week of classes, which helped students create then modify their ideas. Thanks Maya for teaching sharing your culture and knowledge with our class.

Grade 9 Core French

This week, to top off our unit on shopping and clothing, students donned a variety of seasonal outfits for our Défilé de mode. Students presented their classmates as they took to the runway, describing their clothing and accessories. They commented on the patterns, colours and fabrics of the various outfits. Our models included skiers, snowboarders, Santas and elves, even Cindy Lou Who. The students had fun and were very creative.

Grade 11 Interior Design

Tealight Candle Holders

For the month of December, Grade 11 interior design students were working in the woodshop. We started with tealight candle holders. This was an opportunity for students to re-familiarize themselves with shop safety and equipment, and try out some of their creative ideas. The results were varied and wonderful.

Re-Purposing Project

The re-purposing project was a challenge given to students to take an item that would otherwise end up in a landfill and give it new life. Projects ranged from an old wooden horse transformed into a reindeer to old cupboard doors made into chalk boards, art, and, believe it or not, a stand for dog food and water. Way to go interior design students!

Senior Art Class

This semester in the senior art class taught by Ms. Benton, students took on a challenging project involving old used books. They were able to do anything they wanted--cut it up, fold it, paint it--the options were endless. It was an amazing project that was very new to the students and they did an excellent job with their final altered books. The students loved the project, and will hopefully do it again as the new semester begins.

Grade 11 Medical Technology

Over the last few weeks, Ms. Hunda's Grade 11 Health Care class visited residents of The Amberwood Suites retirement home. The students personally engaged with their own assigned residents sharing details of their own lives along with lessons you could only learn from one with the residents' vast life experience. The students showed their appreciation by making ornaments with their own photos along with handwritten thank you cards. The residents were overjoyed with their gifts and grateful for the time they spent bonding with the students. Some of the students even plan to make their own visits to the home over the holidays. By Mia Valliere

Specialist High Skills Major (SHSM)

The students in the Health and Wellness SHSM programs received their new sweaters just in time for Christmas! Grade 10 students who are interested in a career in health care should see Ms. Hunda in room 159 or 162 and those interested in a career in mining should see Mr. Coulas in room 150 or 152 to sign up or to obtain more information about these awesome programs!

By Jessica Leonard

Coming up: Students in the Health and Wellness SHSM should save the date: March 20 and 21 for an interesting field trip opportunity!

Senior Volleyball

Congratulations to the senior girls volleyball team! Yesterday they bested 15 other senior teams, that were competing at the Wildcat Christmas Classic in North Bay. Our girls went undefeated throughout the tournament to claim their 4th consecutive tournament championship. Our girls now have a 25 and 0 record. Mr. Beausoleil would like to congratulate all of the members on the girls team for an incredible first half of the season.

League Play

Midget Boys BB defeated Lo-Ellen
Sr Girls VB defeated MacDonald Cartier
Sr Boys BB defeated Horizon
Girls Hockey tied with St. Charles

Healthy Active Living

Ski/Snowboard Trip

Lockerby Composite School's Physical Education Department is planning a one day field trip to Moonstone Ski Resort in Barrie, Tuesday, January 16th, 2018. We will depart from LCS at 6:30 a.m. and we will return that evening close to 8:30 p.m. Helmets are mandatory and can be rented from the hill for \$5.10. The cost of this trip is \$70.00, no equipment needed, \$85.00 for ski or snowboard rentals.

Students with culminating tasks/presentations on Tuesday, Jan. 16th will not be permitted to attend.

Alpine & Nordic Ski Teams are still looking for new members. Please email Ms. Augenstein or Mr. Abols if you have any questions.

High School Sports – Beginning January 8th, 2018

Attached is a preview of high school games for the week beginning Monday, January 8th, 2018. High school sports takes a two week hiatus for the Christmas holidays.

Team sport standings for selected leagues are tracked on the official results website for high school sports in Sudbury, www.scorecrazy.com

Please note that any game changes made after today during this period, will not be reflected in the attachment but will be updated as necessary on www.scorecrazy.com and also on the master schedule that will be posted to the SDSSAA website (sdssaa.rainbowschools.ca).

Thanks for your continued support of high school sports in Sudbury and Happy Holidays!!

Community Partnerships in Action

Lockerby's S.T.E.A.M. room is receiving an impressive piece of equipment this week thanks to the generosity of the Greater Sudbury Housing Corporation. The GSHC is upgrading their office with newer technology and no longer had a need for the DesignJet plotter.

The plotter will be located in Lockerby's S.T.E.A.M. room: our hub of science, technology, engineering, art, and math activities. The 24" plotter is capable of printing large scale drawings and artwork, among other creations. A new plotter can run into the thousands of dollars to purchase.

Lockerby has benefited from a long-standing partnership with the GSHC. They have provided real-world design opportunities to our architecture and engineering students, shared knowledge and resources, and have even critiqued student presentations.

This HP plotter will make a great addition to our new S.T.E.A.M. room and will take a lot of the workload off the plotter in the architecture classroom.

Thank you Greater Sudbury Housing Corporation!

What Parents/Guardians Need to Know - First Week of 2018

Monday, January 8: classes resume

Tuesday, January 9:

Wednesday, January 10:

Thursday, January 11: Dan Watson will be at our school

Friday, January 12: Dan Watson will be at our school

*****Wednesday, January 17: last date for university applications*****
