## LCS STUDENTS LOVING THE OUTDOORS!

The outdoor activities class travelled to Killarney Provincial Park this week for their backcountry wilderness canoe trip. On day one, students hiked into the clouds climbing over 1000-ft to the top of Silver Peak, before paddling and portaging to Johnnie Lake. At the Lake, our Vikings set up camp, cooked supper, and did some fishing for bass and pike. On day two, our students paddled non-stop for three hours across two lakes and through one swamp- trying to make camp before 'the storm' hit. Despite successfully making it to the campsite on Carlyle Lake in time, the decision was made to end the trip a day early with the forecast of heavy rain, severe thunderstorms, and dangerous winds. The bus picked up a very wet group of our Vikings students, who were disappointed they did not get to 'hike the Crack,' but were glad they did not have to paddle and portage across three more lakes into a headwind!

## HEALTH AND WELLNESS AT LOCKERBY

Students in the Health and Wellness Specialist High Skills Major (SHSM) program had the opportunity to learn more about Nutrition and Diabetes care from Ashley Doucette-Tamane, a Registered Dietician. She shared her knowledge and had an engaging activity where students examined nutrition labels and developed healthy meal ideas.

## BUILDING BRIDGES...

By: Ashley R.

In Mr. Smith's technology class, students have been working on building bridges. They had to create a plan and build a bridge according to their plans. The challenge they were assigned was to build a bridge that was the most sturdy and one that could hold the most weight. By learning how to build bridges, the students learned how different forces take part in building and what key parts are needed to build a good bridge.

This week, senior art students have been adding a few finishing touches to their still life projects. Challenged to combine traditional still life objects with items of personal significance, students have been working on creating strong, balanced compositions. Many of the artworks are still in progress, but watch for the final pieces in the lobby in the next couple of weeks.

## VIKINGS IN THE COMMUNITY

By: Macy R. (Grade 11 STEP Student)

This past weekend, Lockerby students had the opportunity to volunteer at Woof Fest which is an event hosted by Magical Paws Pet Therapy. The festival took place at the Bell Park Grace Hartman Amphitheater and was free to all; dogs included! The event had a variety of dog-friendly vendors, a microchip clinic, games, and complete a doggy costume contest! Our volunteers had a blast assisting at this fun-filled day and extend a big thank you to Magical Paws for making it possible!
