Lockerby Composite School's Kids Caring for Kids Cancer Drive Committee co-chairs Jessica Kordt and Sydney Archer are busy preparing for the school's annual Kids Caring for Kids Cancer Drive in Sudbury, Ont. on Wednesday October 24, 2018, from 5 p.m. to 9 p.m. The students are raising funds for the Northern Cancer Centre's Pediatric Oncology Program. A press release issued by the committee said, "Our collective goal is to carry on the legacy of Laura Cotesta. Laura was an active part of our local and school communities who was diagnosed with a spinal cord tumor in 2002. We found a treatment centre in Sudbury. Laura's family was forced to travel to southern Ontario for treatment, which caused her to miss a lot of school. Our goal was to allow children with cancer to be treated closer to home. With this goal in mind, she and school principals at a led the Kids Caring for Kids Cancer Drive," which started fundraising for the cancer centre's pediatric unit. Cotesta lost her battle with cancer in 2007. Over the last 23 years, Lockerby's cancer drive has raised more than \$800,000 for pediatric cancer care.

## LOCKERBY'S TECHNOLOGY CLASSES

By: Vanessa C.

For the past two weeks, Mr. Smith's technology class has been working on drafting, both by hand and with the program Fusion 360. Some students have been having fun drawing houses, planes, and maple leaves, while others are enjoying the time making different shapes and objects. With the program, Fusion 360, students have also played around with adding different metal finishes to their final products. Take a look at the photos below!

Fusion 360 is a cloud-based program that allows students to model and design manufacturables in 3-dimensions.
