KIDS CARING FOR KIDS CANCER DRIVE: \$44,500.00!

Way to go, Vikings! We were able to raise nearly \$44,500 on Wednesday, October 24th for our annual Kids Caring for Kids Cancer Drive. 350 Lockerby and MacLeod students went out into the cold to canvass the streets of Sudbury to raise awareness and donations for the Northern Cancer Foundation's Pediatric Unit. Every Viking helped continue the legacy of kids caring for kids and showed their school spirit. The Cancer Drive Committee couldn't be more proud of everyone's enthusiasm and contributions. Everyone showed amazing Lockerby pride and truly defined what it means to be a Viking. Thank you so much and well done!

Cross-Country Running

The cross-country running team competed at NOSSA on Wednesday against athletes from across northern Ontario on the trails of Kivi Park. Athletes who have been training regularly with the team throughout the season showed deserved improvements in their times, having competed on the same course last week at the city SDSSAA championship. The seniors were led by Kamryn who improved her time by 52s and Logan who improved his time by 1:00min despite running on a sprained ankle. THIS WEEK IN VIKINGS ATHLETICS . . .

Junior Flag Football

The Lockerby junior team finished their season in a game against St. Benedict's S.S. Although they lost by one point, the girls put-up a strong fight. The team, which is entirely rookie grade 9's and 10's, had a good season and had some fantastic plays. Special thank yous to coach Blasutti and also to Jackson, Will, and Sophie for helping-out.

Senior Flag Football

The Lockerby senior team played their quarter-final last night against Confederation S.S. It was a tight-game, but our Vikings managed to secure a 3-1 win over the Chargers despite the cold and wet conditions. Good luck to coach Blasutti and the team as they move into semi-final action next week. A special thank you goes out to the fans and volunteers who came out to support the team.

NEXT WEEK IN VIKINGS ATHLETICS . . .

GRADE 12 HEALTH CARE

By: Alexie T.

In our health care class this week, we dove into practicing simple interrupted sutures. We focused on the critical steps required to perform this specific type of suture properly. We performed these sutures ourselves on synthetic skin to simulate a real-life scenario while being provided with instructions to be able to properly execute them. Overall, it was quite the learning experience, it was very informative, and was a great opportunity.

The day started-off with presentations from paramedics and police, highlighting the dangers of impaired driving.
