

NORTHERN ONTARIO VEX ROBOTICS QUALIFICATION CHAMPIONS!

It was an impressive showing this past weekend at the Northern Ontario Vex Robotics qualifying tournament in Sault Ste. Marie.

Our team won the Sportsmanship trophy. This is a special award as it is voted upon by all participating teams, and we can say that our entire team worked very hard to be friendly and to help other teams throughout the weekend.

The team then won the Amaze trophy handed out to the team with an overall impressive design and an especially effective autonomous code.

In competition, the team finished second in the Skills Competition (Driver and Automated) claiming its third trophy of the weekend.

And in the main event for the head-to-head competition, the team's alliance was crowned Tournament Champions! This fourth trophy comes with an invitation to attend the provincial championships in St. Catherines in February! Congratulations to our Robotics Team!

12 DAYS OF LOCKERBY

From ugly sweaters to door decorating, the halls of Lockerby Composite were brimming with festive cheer! A huge thank you to the Student Council for all of their hard work this month in helping make each day in December spectacular. Stay tuned for 2019 as the council will continue to hold events like hot chocolate day, Junior Semi-Formal, and more spirit days. Congratulations to Ms. Svalina's Enriched Grade 9 Mathematics Class for winning this year's contest with their "Take a #SELFIE" door! Happy Holidays Everyone!

LOCKERBY COMPOSITE'S MUSICAL PERFORMANCES

Our Lockerby band and musicians performed this past Monday night, to a packed Auditorium! The performances, under the direction of Mr. Jensen, were absolutely amazing. Well done Viking performers!

INTRAMURAL ACTION!

Congratulations to our Lockerby Composite School winning team who captured 1st place in our annual intramural floor hockey tournament. The team of Kyle L., Matt S., TJ P., Johnny B., Connor K., and Jackson H. took home the championship trophy! A special thank you to James L. and Aidan L. who coordinated the tournament.

ARCHITECTURE: PAST, PRESENT, AND FUTURE?

Lockerby students Mia, Scotia, and Mackenzie (right) are joined by alumni Jenna, Tess, and Brittany during their visit last Tuesday. The architecture class was treated to a presentation by the three McEwen School of Architecture students who have just successfully completed their first semester at Laurentian University. The Lockerby students were able to see university level work, hear about student experiences, and learn about life at McEwen; which by all accounts is awesome!

The architecture program at Laurentian University has accepted Lockerby students in each and every year since its inception and took-in five Lockerby architecture students last year alone.

HAPPY HOLIDAYS!

A message from Mr. Runciman and Mr. Lafraniere to all students, parents/guardians, staff, and community members:

We would like to extend our warmest wishes for a wonderful holiday and a very happy new year to all of our Viking family members.

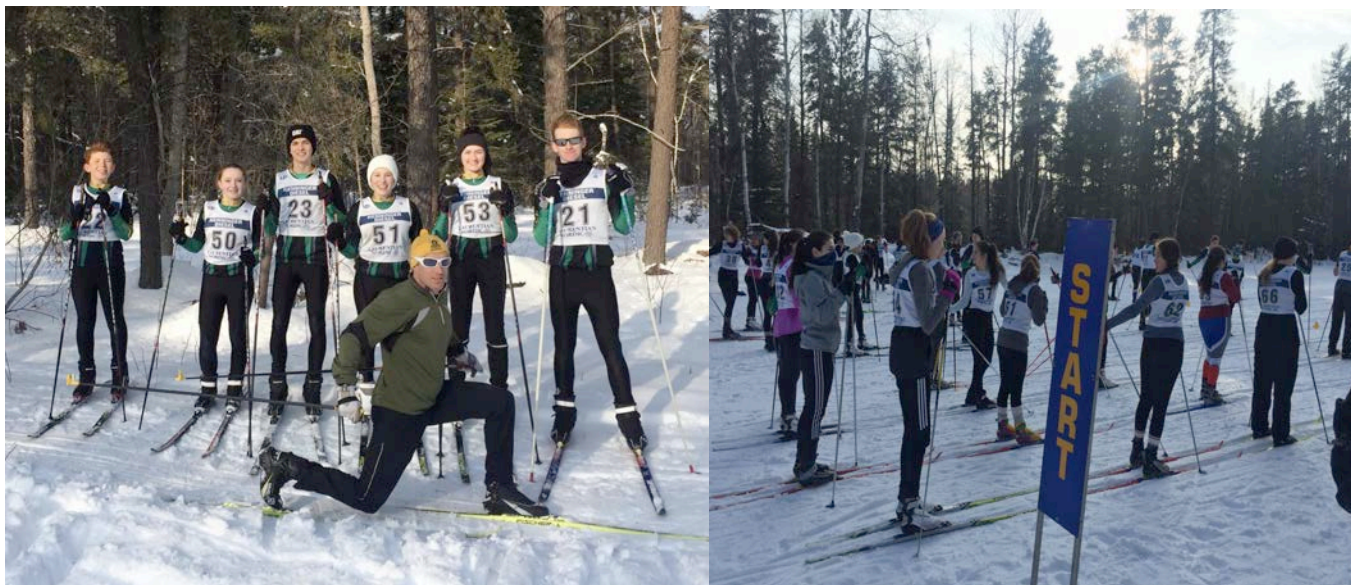

We hope you have a restful break and we look forward to a great 2019!

HEADSTRONG AT LOCKERBY COMPOSITE

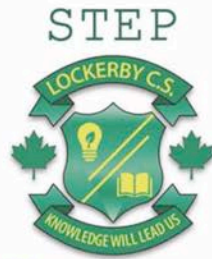

The students on the Headstrong Committee at Lockerby Composite created a bulletin board to help raise awareness centred around mental wellness, and to help break down the stigma. This is an open group and new members are always welcome. The committee meets approximately twice a month. If a student is interested in finding out more details they can see Ms. Baggs in Student Services or Dan, our social worker, in his office. We are always looking for more student involvement!

Students should arrive early to give themselves adequate time to prepare for writing their examination.

Students cannot leave the examination area within one hour of examination start-time.

THE SHELF PROJECT

The shelves we told you about a couple of weeks ago are now making their way into the homes of the grade ten students who built them. Each shelf gave the student experience in laminating wood panels, designing custom support brackets, and using various stationary tools including the band saw. Thanks to Maya and Vanessa for sharing these pictures.
