## JUNCTION CREEK STEWARDS VISIT OUR GRADE 9 GEOGRAPHY CLASSES

The Junction Creek Stewardship Committee visited our Grade 9 Geography class this week to deliver their educational programming around Sudbury's 'Polluted Waters Program.' With the use of a brand new watershed model depicting the Junction Creek Watershed, the visit allowed our students to talk about the issues with plastic waste in urban waterways and how they can encourage others about environmentally friendly practices. This visit was a great opportunity for our students to learn how their habits impact the environment and what they can do to become creek stewards!

## MIXING A LITTLE VISUAL ART WITH TECHNOLOGY!

Another grade nine class has completed their name plate project with excellent results. Danielle's sign was unique among others because of the folk art she added with a router and some acrylic paints! Technology students are encouraged to be creative and innovative in every assignment they take on and Danielle's sign is an excellent example of how students can add their own personal touches to their projects.

## January 10, 2020

### Classes cancelled for Grades 9 to 12 on Wednesday, January 15th

Rainbow District School Board's secondary teachers and support staff represented by the Ontario Secondary School Teachers' Federation (OSSTF) will engage in a full withdrawal of services on Wednesday, January 15, 2020 in response to negotiations at the provincial level.

All classes for Grades 9 to 12 will be cancelled for the day in Sudbury, Espanola and Manitoulin Island. This includes Barrydowne College, the N'Swakamok Native Alternative School, the Attendance Centre and the Adult Day School.

Extra-curricular activities, field trips, school events and Co-operative Education placements for secondary students will also be cancelled. Dual credits will continue at Cambrian College.

At the elementary level, Kindergarten to Grade 8 classes will proceed as scheduled. This includes programs for Grade 7 and 8 students at Chelmsford Valley District Composite School, Confederation Secondary School, Lively District Secondary School and Lo-Ellen Park Secondary School.

School office staff, however, will be participating in the full withdrawal of services.

Parents/guardians of students in Kindergarten to Grade 8 are asked to notify their child's school of any absences. This is very important for the safe arrival program. Please call the school and ensure that you leave a message if your child will be away on that day.

Controlled access will remain in effect at elementary schools. Parents/guardians visiting the school can expect delays in entering the building. Contact numbers will be posted on the main door for assistance.

Please note that child care in Rainbow Schools will continue as scheduled as well as community use of schools.

Rainbow District School Board thanks parents/guardians and students for their understanding. Updates will be posted on [rainbowschools.ca](http://rainbowschools.ca).

### **January 9, 2020**

Dear Parents/Guardians:

This is to inform you that students in Rainbow Schools will not be participating in the Education Quality and Accountability Office (EQAO) Grade 9 math assessment scheduled to take place from January 13 to 24, 2020.

As part of ongoing job action in response to bargaining at the provincial level, members of the Ontario Secondary School Teachers' Federation (OSSTF) will not administer or mark the test.

In Rainbow Schools, the results of the EQAO Grade 9 math assessment form part of a student's final grade in mathematics. Given that this will not be possible this semester, teachers will consider all evidence of student achievement, including a final exam, to determine a student's final mark for the course.

At this time, the Minister of Education has stated that "For those high schools which are not administering the test in January, students will need to take the test during the June 2020 administration period, as it provides a valuable opportunity for individual feedback for students and families."

We will continue to share additional information with you in the future.

Please note that updates will be posted on [rainbowschools.ca](http://rainbowschools.ca).

As always, we thank you for your patience and understanding.
