SUDBURY MUSIC FESTIVAL

This week the Junior and Senior Lockerby Concert Bands participated in the 77th annual Sudbury Music Festival (formerly the Kiwanis Music Festival of Sudbury). The festival was held in person this year, for the first time since before the pandemic. Both bands performed in the Lockerby Auditorium on Monday in front of live adjudicator John Kraus. John Kraus is a member of the Canadian Music Festival Adjudicators Association and the founding director of several orchestras.

Both the Juniors and the Seniors performed well, coming first in their respective categories. The Juniors received Gold with a score of 89, and the Seniors received Diamond with a score of 90! The Juniors performed 'Through the Eye of the Storm' and 'Silverbrook.' Overall, the Juniors were commended for their time changes and accents. The Seniors performed 'Variants On A Shaped Note Tune' and 'Oblivion.' Overall, the Seniors received praise for their attention to the conductor and good dynamic contrast.

GUITAR ENSEMBLE

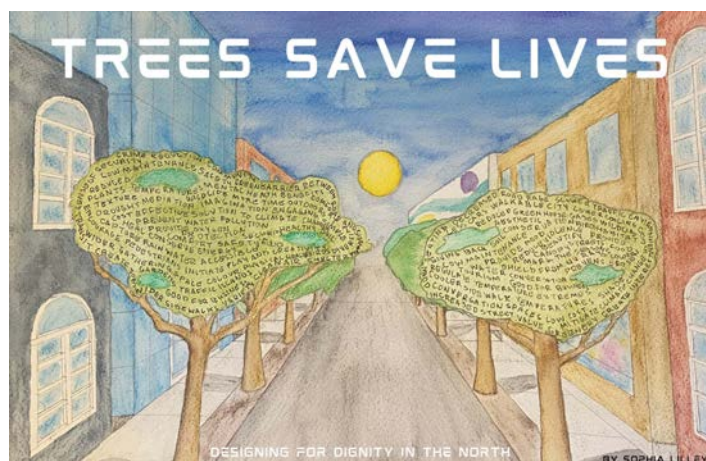

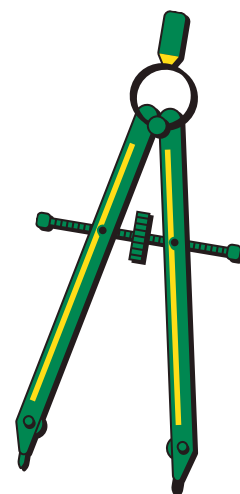

Written by Rebecca L.:

The Lockerby Guitar Ensemble also performed earlier this week, on Saturday at St. Andrew's Place. They performed in front of a small audience and live adjudicator, Jeffrey McFadden, Head of Guitar Studies and Associate Professor, Teaching Stream, in the Faculty of Music, University of Toronto. In 1992, he was awarded a Silver Medal in the prestigious Guitar Foundation of America Competition. The ensemble came in first for their category and received a Diamond with a score of 90. They performed 'Venezuelan Waltz,' a traditional lively and upbeat tune, composed of five individual guitar parts.

DESIGNING FOR DIGNITY

Our Grade 12 Architecture class has been focusing on the theme, 'Designing for dignity in the North' as preparation for a poster competition for the Ontario Association of Architects. There were variations on the theme with some students focusing on empty downtown buildings and affordable housing, some focused on friendlier and more accessible streets while still others thought about our other-than-human relatives and how we can make their lives more dignified as we coexist. Lots of ideas around how we can make commuting within the city easier and more dignified as well. An awesome effort from the architecture students to envision a better future for all of us.

EMERGENCE EXHIBIT

Thursday evening marked the opening reception for the Emergence Exhibit at the Art Gallery of Sudbury. Students from four area school boards were honoured for their hard work in visual art. It was wonderful to see their artworks displayed in a professional exhibit. In the opening remarks, AGS staff discussed how difficult it was to choose the works for the exhibit as so many wonderful pieces were submitted for consideration by area high school teachers. Just goes to show how many talented students we have here at Lockerby and around the city. Huge thanks to Mr. Cole for working on custom frames so that Lockerby art looked even more beautiful!

DYNAMIC EARTH VISIT

This past week our Geography students took a trip to Dynamic Earth to discuss mining engineering, augmented reality, and different career paths students can take after their secondary studies!

LOCKERBY LAW

Students in Grade 11 and 12 Law had a special guest visit the classroom this week! Mr. Harvey Wyers came to discuss an important Charter of Rights and Freedoms case in which he was one of the key plaintiffs. In 1986, Mr. Wyers, Mr. Zylberberg, and Mr. Enver took the District School Board to court regarding Freedom of Religion and Conscience in Public schools. Students were engaged with the personal recount of not only the purpose of the trial but its impact on families and the students own lives today. Furthermore, Grade 11 student took a deep dive into the Ontario Human Rights Code and worked diligently to analyze case studies that involved human rights abuses!
