

# WEEKLY NEWSLETTER

Lockerby Composite School's weekly news on Viking academics, events, extra-curriculars, and more!

## LOCKERBY ROBOTICS

This year's Robotics Club has grown drastically! Last year, we had three robotics teams and this year, four rookie teams have joined the returning three teams! All students have been working hard since the beginning of the school year to build their robots and last week, it was time to put all of that work to a test.

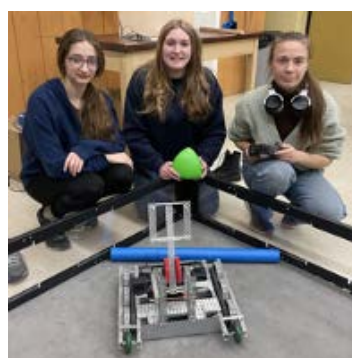

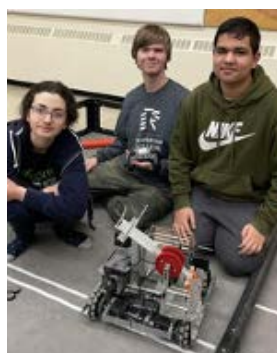

All seven of our teams (see photos on next page) participated in a full-day robotics tournament at school. The game was this year's Vex Robotics Competition game named Over Under. It was a day filled with many highs and a few lows. Stressful. Exciting. Joyous. It was a fun experience for all participants (and we all slept well that night). All of our teams look forward to our next school-wide competition in February.

## LOCKERBY ROBOTICS (CONTINUED)

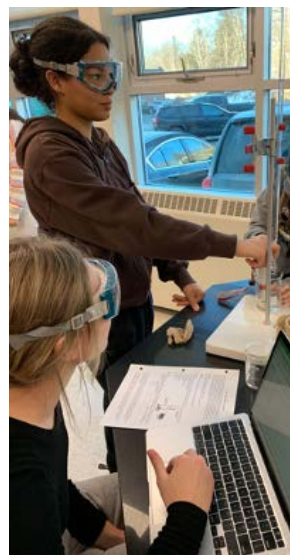

Congratulations to Team B (Team Execute) and Team C (Team Ryan) for winning the Lockerby Robotics Tournament. The top-four teams from this tournament will be participating in the Vex Robotics tournament at Cambrian College on January 13th. Good luck Vikings!

Team A - Ash A., Amitoj J., and Gavan B.; Team B - Adam S., Shaun-Emily C., Drake S., Fiona S., Andrew L., and Brennan G.; Team C - Mary T., Xavier V., Aryan P., and Grace M. (absent); Team D - Megan M., Merisa M., and Jaqueline M. M.; Team E - Isabella C., Sadie G., and Kaley C.; Team F - Micah S., and Nicholas M.; and Team G - Sebastian E., Graham G., and Evan R.

## VIKING CHEMISTS

Students in Grade 12 Chemistry were honing their titration skills while determining the equivalence point for a weak acid titrated with a strong base this week. Our Viking chemists also spent some time building molecular models of various organic compounds. They were learning about isomers and the effects that changing one atom has on the properties of the molecules.

## HOLIDAY BAKING

Mr. Savage's Foods class made homemade shortbread and sugar cookies to give their family and friends this holiday season! Shoutout to Tate A. who added in his mom's secret step and made some awesome tasting cookies!

## GRADE 9 CORE FRENCH

Mme Stanyon's Core French class culminated their food unit by preparing in advance to interact in French with a community member; students had to eventually be able to order a meal with proper vocabulary. Once students had command of the language, they took a field trip to Perkins to apply their learning and enjoy a delicious breakfast!

# ANNUAL ADVANCED PLACEMENT POTLUCK

On Wednesday, AP students and staff participated in our annual AP Potluck! The goal of the event is to recognize all of the effort that students have and will put forth as they strive for academic excellence on their standardized tests and beyond. The menu included lasagna, meats, salads, appetizers, and many desserts. Thank you to all students and staff who participated!

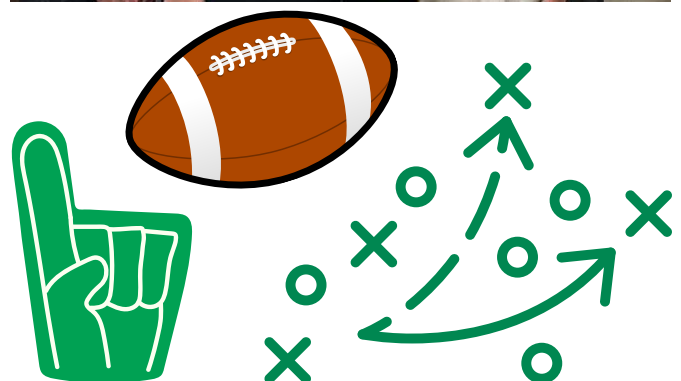

# LOCKERBY FOOTBALL RETURNS IN 2024!

Lockerby Composite School is excited to officially announce the revival of its renowned football program (junior) for the Fall of 2024. This marks a return to the tradition of athletic excellence and sportsmanship that Lockerby Football is known for. We encourage interested students and community members to follow @LCSVikings\_Football on Instagram for future updates and opportunities to support your Lockerby Vikings as they gear-up to take the field this coming September.
