STUDENT COUNCIL BBQ & GAMES

Our Student Council hosted a lunchtime BBQ with interactive games on our football field for students and staff this past week. There was trivia, spike ball, horseshoes, facepaint, tug of war, and Pictionary! Thank you to everyone who participated!

FOOD AND NUTRITION CLASS

Grade 9/10 Food & Nutrition students have been learning about the health benefits of fresh foods and unprocessed ingredients. This week, they made their own Pico de Gallo salsa and taco seasoning! Many students declared these tacos the 'best they've tasted' and said they can't wait to make them again at home!

CUPCAKE COLOUR WHEEL

This week, Grade 9 Visual Arts students wrapped-up their colour theory unit with a cupcake colour wheel. Students were put into groups and asked to triangulate the primary colours using white icing and food colouring. Students then had to work together so all of the people in between were gradual transitions of colours on the colour wheel. There's nothing like an edible lesson!

LITTLE MONSTERS

On Friday, Lockerby Composite’s Art Department hosted JK/SK students from R. L. Beattie Public School. Students at R. L. Beattie designed monsters and Lockerby Composite’s senior artists made them out of clay. Our JK/SK friends came to paint their monsters and create a monster mural for their classroom. It was a great day! Thanks to our Lockerby student volunteers: Brooke G., Presley M., Sidney F., Bailey M., Leah M., Ava O., Vaughn R., and Alphonsa S.

Dear Parents/Guardians:

School Boards in Ontario are working with community partners to establish protocols, train educators and raise awareness about human trafficking. This collaborative approach has been mandated by the Ministry of Education in order to address this growing concern.

Representatives from the Resources and Integration for Survivor Empowerment (R.I.S.E) program with Algoma Family Services will deliver a presentation in our school on May 24th, 2024 in two sessions from 8:30am – 9:30am and from 9:50am – 10:50am.

In addition to the presenters and school staff, members of the Rainbow District School Board Mental Health Team will be on site to assist students who may require support during or after the presentation.

Education, resources and support will ensure that students and school staff gain the skills and knowledge to recognize and prevent sexual exploitation.

If you would like your child to participate in the presentation please sign and return the attached form. The presentation focuses on personal safety and includes topics such as healthy relationships, consent, exploitation, online risks, safety and human trafficking.

Students who do not return a signed consent form will not participate in the presentation.

Human trafficking is a form of sexual exploitation. It can include recruiting, harbouring, transporting, obtaining or providing a person for the purpose of sex. It involves the use of force, physical or psychological coercion, or deception. Most individuals who are trafficked for the purpose of sexual exploitation are women and girls, but all people may be targeted.

Here are a few more facts:

- Human trafficking is one of the fastest-growing crimes worldwide.
- Ontario is a hub for human trafficking, with the most police-reported incidents in Canada.
- Sex trafficking is a crime under the Criminal Code of Canada.
- The average age of recruitment into sex trafficking is 13-years-old.
- Education on sex trafficking is included in the Ontario curriculum.
- It's part of the province's broader strategy to combat human trafficking.

If you have any questions about this presentation, please contact the school.

Yours Sincerely,
LOCKERBY COMPOSITE SCHOOL
