## SUDBURY MUSIC FESTIVAL

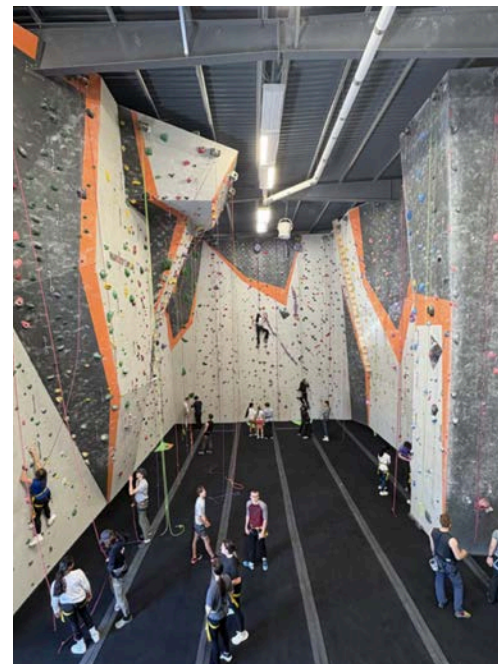

The Lockerby Music Department wrapped-up the Sudbury Music Festival, and their festival season with some wonderful performances on six strings. First-up was Jaden H. playing three solos. He played Introduction and Variations on a Theme by Mozart op. 9, receiving a mark of 88 and receiving a Gold Award, Libra Sonatine, where he received a mark of 90, receiving a Diamond Award, and Invocación y Danza, for a mark of 91 and another Diamond Award. Next-up was the newly formed Lockerby Guitar Ensemble. These folks have only been at this for two months, having started the guitar class in February, yet they absolutely dazzled the adjudicator! In fact the adjudicator commented, "this is the best large guitar ensemble I have seen at any festival that I have attended." Their performance received a mark of 90 and a Diamond Award!

In addition to these awards, our Wind Ensemble was informed that, in addition to their Gold Award, they have received a nomination to compete at the provincial-level of the Ontario Music Festival Association's Finals! Congratulations to the entire Music Department on all their hard work!

## KEEP CLIMBING!

This week, students from Ms. Stanyon's and Ms. Augenstein's Healthy Active Living classes ventured to ARC to test their skills on the rock climbing walls! Students pushed their limits on the high and low ropes course, challenging each other while having fun!

## GRADE 9 VISUAL ART

On Friday, Grade 9 Visual Art students took to telling stories cave-art style. Armed with chalk pastels and a lesson on cave art, they were challenged to make up their own stories using images that were prominent at the time and colours that were available. Check out some of their visual stories!

## STEP INTEGRATION

This week, as part of STEP Integration, our Grade 9 students spent some time learning to code with the aid of Micro:bits and Climate Action Kits. The coding and building activity allowed Vikings to learn about wind energy and climate change. From the activity, students designed their own wind-powered machine to examine energy outputs from their design!

Subject: Sponsorship Opportunity for Lockerby Composite School Prom 2025

Dear Members of the Lockerby Community:

It's almost "Prom Season" at Lockerby Composite School, and we are thrilled to announce that on Thursday, June 12th, 2025, 110 of our graduating Vikings will gather at the Science North Cavern to celebrate their achievements over the past four years with a formal dinner and dance.

Organizing a high school prom is an exciting but often expensive endeavor. To ensure prom tickets are affordable for our students, a dedicated committee of students and staff is seeking sponsorship from generous individuals and businesses within our community.

We are offering a unique opportunity to sponsor a table for \$100. Your valuable contribution will directly support the expenses associated with the venue, the meal, the DJ, and other miscellaneous costs essential for a successful and memorable prom.

In recognition of your generous sponsorship, we will prominently display your logo on our event banners, website, and social media platforms. Additionally, your name or business name will be featured on the table you sponsor, ensuring visibility throughout the event.

We sincerely appreciate your consideration and support in making this year's prom an unforgettable experience for our students. Together, we can create a lasting memory for our graduating class.

Please do not hesitate to contact Mason Savage at [savagem@rainbowschools.ca](mailto:savagem@rainbowschools.ca) if you have any questions or require additional information.

If you plan to make a donation, please submit it by Monday, May 6th, 2025, to ensure your sponsorship is included in all promotional materials.

Thank you for your time and generosity.

Sincerely,

Mason Savage - [savagem@rainbowschools.ca](mailto:savagem@rainbowschools.ca)
