LOCKERBY ALUMNI REFLECTIONS

Since graduating from Lockerby Composite School I have had the privilege of attending two post-secondary institutions. I can honestly say that my success at both of these schools is primarily due to the quality of education I obtained at Lockerby.

The teachers at Lockerby are unparalleled. They seek to foster student ideas, and will go above and beyond to do so. Lockerby provides support for their students in their studies. Whatever your goal is, whether it is attending University, passing a difficult test etc. the teachers at Lockerby are always there to help you achieve it.

Throughout my time at Lockerby I had the opportunity to play on a number of sports teams. The values I learned through playing sports, and the friends I made, are cherished by me to date. The extracurricular activities at Lockerby are not limited to sports, however. There are a variety of other ways students can get involved. Really there is something for everyone!

I graduated from Lockerby in 2008 and I still look back on my time there as being some of the best days of my life!
