## WHAT'S NEW IN AP BIOLOGY?

This week, AP Biology students have been learning about communication between cells, and organism response to stimuli. Over the course of several days, students researched the ecological niche of pillbugs, and chose a variable that they predicted would impact pillbug behaviour. As outlined in the College Board's experimentation policies and procedures, students designed a 'choice' experiment which involved controlling a number of variables that allowed pillbugs to choose which conditions they preferred.

## HEALTH AND WELLNESS SPECIALIST HIGH SKILLS MAJOR (SHSM)

Students from our Health & Wellness SHSM visited Science North for a Career Day and to observe a live partial nephrectomy surgery on Tuesday! The students also met with community members who shared their passion for physiotherapy, midwifery, and kinesiology.

## SENIOR REACH FOR THE TOP

Lockerby Composite School hosted the second Senior Reach for the Top tournament of the year on Friday. Nine teams from across the Greater Sudbury Area, including Manitoulin Secondary and Espanola High School, competed in 9 rounds of intense trivia! During the tournament, your Viking Team was certainly 'on top' of their game!

## ALEX AND ASHLEY ARCHITECTS INC.

Sure, we have AutoCAD, Revit, and a host of other software that helps develop architectural drawings, but there's nothing quite like learning how to draft! Alex and Ashley were putting the finishing touches on their floor plans this week and the designs look great.

**Well  
Done!**

## SHELVES FOR THEIR ELVES?

Mr. Smith's grade 10 students are almost done building the shelves they designed using Fusion 360 software. Starting from rough-cut pine, they had to use a wide variety of stationary and portable power tools to mill their pieces to  $\frac{3}{4}$ " stock. Students are being very meticulous when it comes to the fit and finish of their projects; the entire class is taking great pride in their shelves and it really shows during the assembly stage.

## SUDBURY'S OUT OF THE COLD (OOTC) PROGRAM

A special thank you goes out to some of our Vikings leaders who volunteered for the OOTC Program last Friday! As described by the OOTC lead, our Viking students were efficient, hard-working, and cheerful. Grace, Laine, Aiden, Caleb, Eli, Olivia, Quinn, Tess, Konrad, and Ted were certainly great ambassadors for our school.
