Lockerby Composite School's weekly news on Viking academics, events, extra-curriculars, and more!

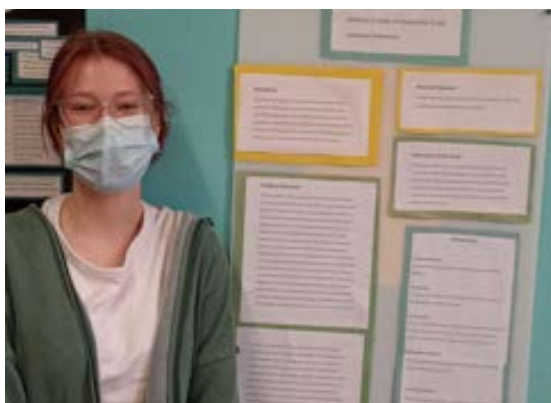

WATER SAMPLING - GRADE 10 STEP

Students in Mr. Abols' Grade 10 STEP Science class become Environmental Quality Analysts this week. Our Vikings analyzed water samples taken at Copper Cliff in order to determine correlations between acidity and the location points of their samples. Partnering with Vale, students learned about mine tailings (waste material) in the Sudbury area. Mine tailings contain metal sulphides and sulfates, which when exposed to the air and water can form sulfuric acid. Of course, all the water from all of the Vale properties, sites, facilities, are treated before being released to the environment.

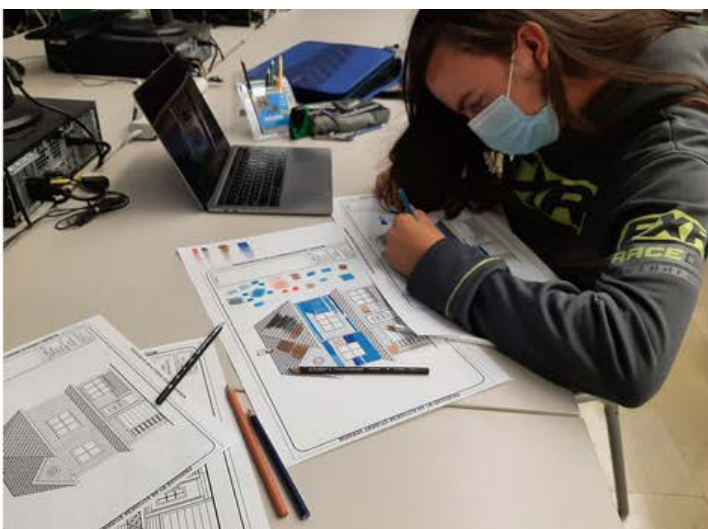

CONGRATULATIONS AP RESEARCH STUDENTS!

AP Research students presented their poster presentations in the Library on Wednesday. Thank you to the classes and staff members for attending. It was a great opportunity for our AP Research students to share their projects and for the school community to hear about what they're studying. Congratulations to Alison, Tessa, Hannah, Olivia, and Tess!

THE LIFE OF AN ARCHITECTURAL ILLUSTRATOR

An architectural illustrator is someone who creates visually appealing interpretations of a design. The goal is to realistically communicate design ideas to clients, committees, and the general public. Using Prismacolor pencil crayons, the students in the Grade 12 Architecture class are rendering their front elevation drawings. Athena and Tristin are shown here experimenting with colours and techniques that will eventually yield the best results on their final drawing.

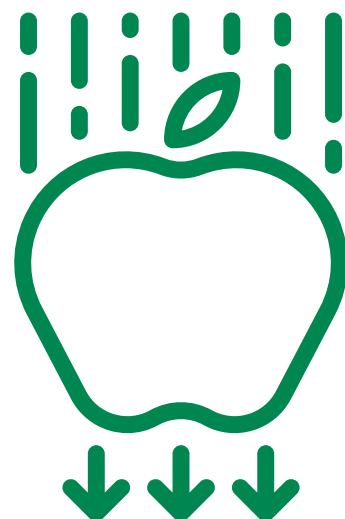

YEAH FOR YOGA!

The Yoga class continued to take advantage of the beautiful weather earlier this week. Yogis are recently noticing the benefits of a regular yoga practice. They are enjoying an increase in strength, balance, as well as flexibility. Furthermore, some are also sharing that yoga has been instrumental in managing their stress and sleeping more soundly. Yeah for Yoga!

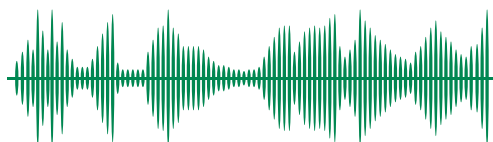

CAN YOU FEEL THE TENSION IN THE AIR?

If you felt the tension, it was probably because our Physics students were completing Mr. Bryson's Centripetal Forces Laboratory!

MASKED DJ (WEEK 2)

The second reveal of Lockerby's Masked DJ happened this past Monday! Last week's Masked DJ was...Ms. Potvin! This week, we heard songs from the Beach Boys, Prince, and the Zac Brown Band. Who could this week's Masked DJ be?

Ms. Potvin

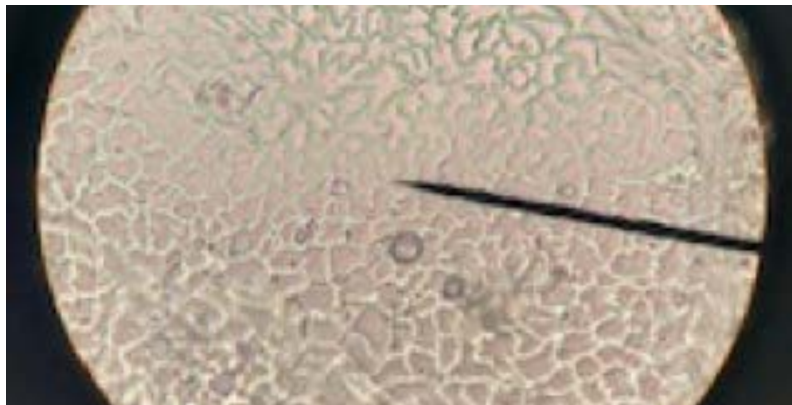

BEANS!

Mr. Dykstra's Grade 9 Science class is conducting an experiment to investigate how different environmental pollutants can impact plant growth through soil contamination. Does washer fluid runoff from our vehicles have a significant environmental impact? At what concentration does acid rain begin to stunt plant growth? We will have the answers to these questions and more as our experiment wraps-up!

STOMATA OR GUARD CELL?

Did you know that you can preserve the imprint of a leaf using nail polish? Our Grade 11 Biology class examined some of the finer structures found on the leaf's surface this week. By carefully removing a cast of the leaf's surface we observed detailed features of a leaf's surface that would otherwise be impossible to see. Can you spot any Stomata or Guard Cells?

KIDS CARING FOR KIDS CANCER DRIVE - 2022

A message from your Kids Caring for Kids Cancer Drive Committee:

Applications to this year's Cancer Drive Committee have officially reached their deadline and we as a committee have begun to narrow down the numbers. We thank everyone for applying and we strongly encourage everyone who was not accepted to the committee to reapply next year. We would also like to thank those of you who had an interview today with Mrs. Rodriguez and Ms. Benton. They went exceptionally well and we are extremely hopeful for our new members. We will be reaching out to all of you shortly to inform you whether or not you were chosen to join the committee. So be sure to check rscloud.ca accounts next week. It was an absolute pleasure meeting everyone. In addition to new members, we are planning some big things in the upcoming month, so get ready, Vikings. We hope to see you all participating in our monthly events planned and hosted by your Cancer Drive Committee. If you have any questions about Cancer Drive, feel free to come see any of us on the Committee at any time. Whether it's in passing or planned, we would love to answer any questions you may have regarding Cancer Drive and our upcoming plans.

LOCKERBY REMEMBERS

For the last three years, Lockerby has been putting the names of Veterans or Service Members from our own families on Poppies and displaying them in the front entrance. Many Lockerby families have already sent in names. If you would like to participate in this Remembrance Day Display please email the name of a Canadian Veteran or a current member of the Canadian Armed Forces to Ms. Caddel (caddelv@rainbowschools.ca). Please include their name, rank, and the name of the conflict or operation they were involved in. For example: Sgt. William Micklewright, WWII - Operation Husky.

THIS WEEK IN VIKING ATHLETICS...

Cross-Country Running

On Wednesday morning our Cross-Country Running Team took to the trails of Kivi Park for the SDSSAA City Championships. The team did extremely well taking home both the Overall Girls and the Overall Boys single 'A' Team Championship! The Novices were led by Alyna O. in 6th while the Junior Girls were led by Lauren P. and Bay J. who were 1st and 4th respectively. The Junior Boys team had three runners crack the top-10 with James B. in 3rd, Liam B. in 5th and Callum B. in 8th, while Travis A. and Owen R. were 3rd and 7th respectively in the stacked Senior Boys race. Honourable mention goes out to Josh C. and Dylan D. who were the most improved Vikings of the week. Great Job Vikings and good luck next week at the Regional NOSSA Championships.

THIS WEEK IN VIKING ATHLETICS...

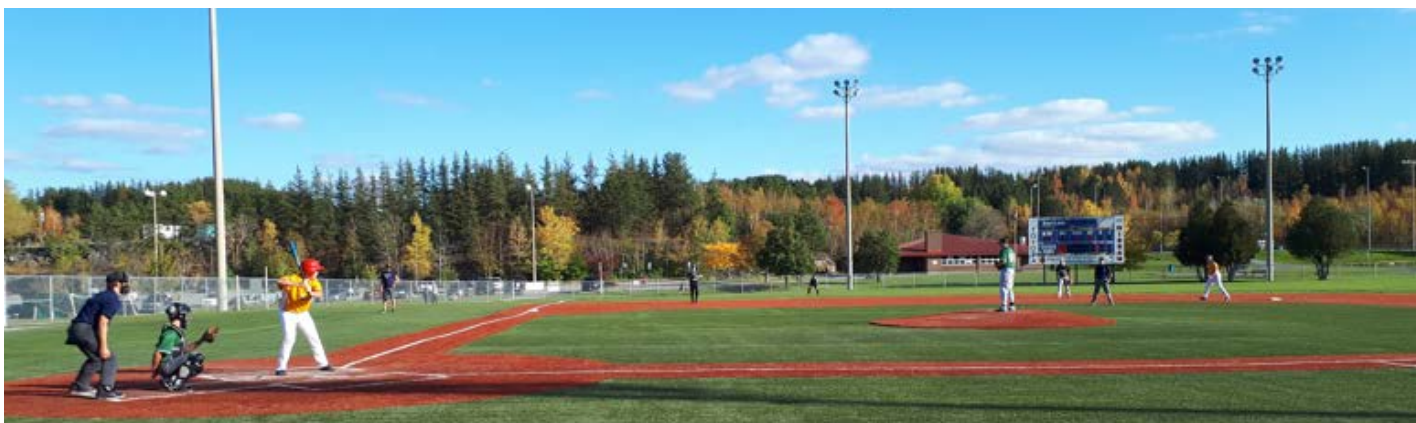

Flag Football

This week our Flag Football Teams had a double-header against Lo-Ellen Park and our Senior Girls came out on top, playing an amazing game! Two touchdowns and a conversion were scored by Sydney C. as well as two touchdowns by Halle B. All-in-all, the entire team played really well! Our Juniors played a tough game, working hard on the field and playing with heart. Our Juniors look forward to facing-off against Marymount next week!

Baseball

The Boys Baseball Team returned to the mound this season after several years of retirement. Our Vikings finished the year strong, ending the regular season in fourth place with 24 runs. Special thanks goes out to our community coaches Todd Frawley and Matthew Obradovich for all of their time, expertise, and support!

Basketball

This week our Junior Girls Basketball Team took on Champlain and Senior Girls took on Lasalle Secondary School. Although the teams came-up a little short no the scoreboard, great games were had by both teams!

THIS WEEK IN VIKING ATHLETICS...

STUDENT COUNCIL - FACES OF LOCKERBY

A message from your Student Council:

Hello Vikings! Over the coming weeks, we will continue to post photos of Lockerby students and staff, and sharing their stories, experiences, and insights. Through this project, we aim to foster compassion, understanding, and school spirit with our Lockerby Community! Please reach out to Student Council members if you're interested (or know of someone who may be interested) to be featured!

Faces of Lockerby Teacher Spotlight Mr. Ferri

What is your role at Lockerby?

I am the Program Leader of Special Education at Lockerby. In addition to that, I am also a member of the Student Services team where I teach and facilitate Co-operative Education.

What is your favorite type of food?

I have so many favorite types of food but if I had to pick, I would choose penne pasta. Specifically, with my Nonna's homemade meat sauce which includes homemade sausages and meatballs.

If you could be in any fictional family, which family would you choose and why?

If I could choose any fictional family to be a part of, I would choose The Simpsons. The characters in the Simpsons have not aged, despite the fact that this show is as old as I am. Of course, I would not trade my real-life family for any other.

Would you rather live in the ocean or on the moon?

I would definitely prefer living in the ocean rather than living on the moon. I am terrified of heights and of flying, so the journey to the moon would not be something that would interest me in the slightest.

Virtual Events

Stay up-to-date on school news, virtual events, and resources for students. Visit one of the following websites to learn more.

- Scholarships Canada - learn about all of the events that are occurring throughout Canada at: <https://www.scholarshipscanada.com/Events/Index.aspx>
- Ontario Universities' INFO - learn about upcoming events, programs, and financing post secondary at: <https://www.ontariouniversitiesinfo.ca/>
- Ontario Colleges - learn about upcoming events, programs, financing and register for an Ontario College at: <https://www.ontariocolleges.ca/en/colleges/college-recruitment>

University Applications

Student Services will be distributing personal identification numbers (PINs) as soon as they are made available by the Ontario University Application Service (OUAS). They are expected to arrive by the end of November. Students can begin the application process once they receive their individual numbers.

Student Services will be hosting a Google Meet on Wednesday, November 10th, 2021 at 8:30am to provide a step-by-step look at how to apply to university. Students will be able to access the join code on the Class of 2022 Google Classroom. Students are encouraged to have at least 3 university program choices ready for this day as well as their OUAC application letter with their personal identification number (PIN). Students who have a class during this period will be provided time within the class to participate. If students have a spare or are absent they are encouraged to join this very important session from their individual location.

College Applications

Student Services completed two application sessions for college bound students this past week. A third session will be hosted on Tuesday, November 2nd, 2021 for any of the students who missed the previous two sessions. Parents and/or guardians are asked to review their graduates applications and complete the final steps including payment in the next few weeks. For additional information or to download a step-by-step guide please visit the Class of 2022 Google Classroom.

Laurentian University Open House- Saturday, October 23rd, 2021 from 10:00am - 6:00pm

If you hope to learn more about Laurentian University's incredible programs, student services, residences, and more, this event is for you! Visit the following website to register: <https://laurentian.ca/open-house>

Laurentian University - Private Lockerby Virtual Event - Wednesday, October 26, at 5:00pm

Join a team of Laurentian University Liaison officers to discover what Laurentian has to offer. Learn about programs, admissions, and scholarships. Students will also have an opportunity to ask individual questions. The presentation will occur over Zoom with a link to be provided on the Class of 2022 Google Classroom announcements.

Ontario College Virtual Fair - Monday, October 25th, 2021

Ontario's colleges are hosting virtual information sessions every Monday in October and November. If you're considering college, this is your chance to gather information about the colleges and programs you are interested in. Visit the following website to register: <https://www.ontariocolleges.ca/en/colleges/college-recruitment>

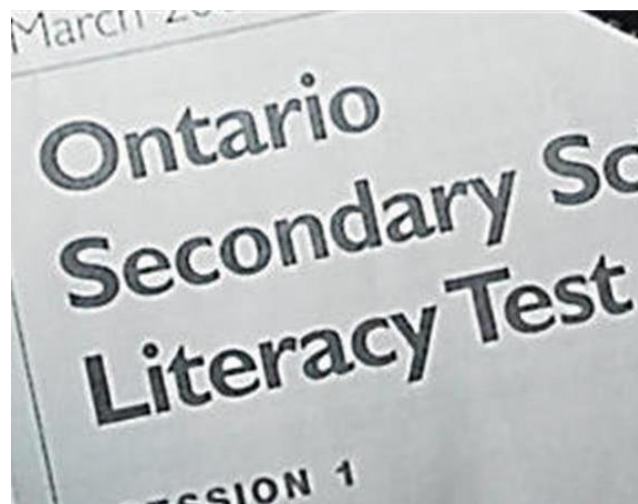

Ontario Universities' Fair - Tuesday, October 26th, 2021 from 5:00 pm - 8:00pm

All Ontario universities will participate in this final one stop event for the 2021-2022 academic year. The event is free and anyone may attend – no pre-registration required. Visit the following website to learn more about this opportunity: <https://www.ontariouniversitiesfair.ca/>

OSSLT PRACTICE TEST

This past week students had the opportunity to write a version of the Literacy Test in their classes. Teachers will begin marking next week in order to get feedback to our students. Ms. Baggs facilitates weekly evening workshops via Google Meet in the OSSLT Helpful Hints Class (57zh53z) on Monday evenings at 7:00pm. Monday, October 25th, 2021 is the fourth workshop and the topic will be about writing the Opinion Piece. Next week teachers will share with students their test date for November. However, Grade 11 students will write the week of November 15th and Grade 10 students will write the week of November 22nd. Please contact Ms. Baggs at baggs@rainbowschools.ca if you have any questions.

WASTE REDUCTION WEEK

This week was Waste Reduction Week and in addition to raising awareness about reducing packaging in our lunches, Environmental Council members did a community clean-up!

PA DAY AND WEAR PURPLE DAY

A reminder that Monday, October 25th, 2021 will be PA Day for staff and students across Rainbow District School. Additionally next week, Rainbow District School Board is encouraging all students and staff to wear purple on Wednesday, October 27th, 2021. Every October, Children's Aid Societies across Ontario raise awareness about the important role that individuals and communities play in supporting vulnerable children, youth, and families through the provincial Dress Purple Day campaign.

PREPARING FOR HALLOWEEN

In true Viking fashion, Student Services is starting to seem kind of spooky as Lockerby gears-up for the Halloween season! Credit to Ty, Keyna and Hannah for their original designs!

It's Croctober!

WHAT PARENTS NEED TO KNOW FOR NEXT WEEK...

Dan Watson, our school Social Worker, will be at Lockerby Composite School next week.

Autumn Lewis, our school Aboriginal Support Worker, will be at Lockerby Composite School next week

Monday, October 25th

- **PA DAY**
- OSSLT Workshop at 7:00pm

Tuesday, October 26th

Wednesday, October 27th

- **PICTURE RETAKES DAY**
- Wear Purple Day

Thursday, October 28th

Friday, October 29th

- Croctober - wear your Crocs!
