

WEEKLY NEWSLETTER

Lockerby Composite School's weekly news on Viking academics, events, extra-curriculars, and more!

GEOGRAPHICAL IDENTITY

Grade 9 Geography students explored identity on Thursday with a Canadian, provincial, and territorial themed lunch before starting their March Break! Some favourite items included Saskatoon Berry Jam and maple syrup waffles in addition to with some hot chocolate and regional snacks.

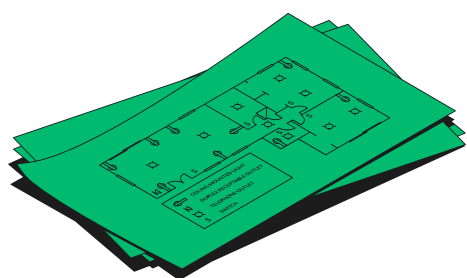

HEALTH GUEST SPEAKER

This week, LeeAnn Gosselin visited Lockerby Composite's Health and Wellness students and Health Care class. LeeAnn works at Health Sciences North in the sterilization unit and explained her career and education. She also brought in a disposable surgery kit and discussed its uses.

GRADE 12 ARCHITECTURE

This week, our Grade 12 Architecture students explored accessibility related issues as they began to brainstorm submission ideas for the upcoming Ontario Association of Architects (OAA) poster competition. Our Viking architects will continue to delve into the theme of 'Designing for Dignity in the North' and investigate issues associated with designing in a way that allows humans and other-than-humans to coexist in ways that make life better for all. Designing with dignity can encompass issues of culture, ability, race, climate, ecology and economy.

WINTER ECOLOGY

On Thursday, members of Lockerby's Environmental Council went to Lake Laurentian Conservation Area to examine animal tracks, to study some winter ecology topics, and to identify both coniferous and deciduous flora in the area. Our Viking environmentalists were able to determine that a pack of wolves were likely in the area...the most damning evidence to draw those conclusions? Track size, track pattern, and scat found in the area!
