

WEEKLY NEWSLETTER

Lockerby Composite School's weekly news on Viking academics, events, extra-curriculars, and more!

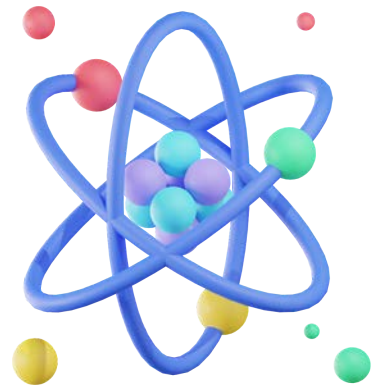

FLO FRANCO

Ms. Nguyen and Ms Stanyon's French language classes travelled to the Sudbury Secondary Auditorium this past Thursday to listen and dance to the sound of FLO FRANCO, a franco-Ontarian hip-hop artist who is on a cross-country tour for the month of the Francophonie. He is also on a mission to spread positivity, resilience, and his love for the French language and culture!

SUDBURY REGIONAL SCIENCE FAIR 2024

Congratulations to our Vikings who were part of the Sudbury Regional Science Fair last weekend. There were so many amazing projects and some stiff competition, but our budding scientists shone bright and brought home some hardware!

PHYSICS 'PHUN'

This week, Grade 12 Physics students performed a Conservation of Momentum laboratory. Students performed collisions between carts (with built in motion sensors) to discover what happens to the momentum of the system when they collide in different ways. We would have to say that the results were a 'smashing success'...

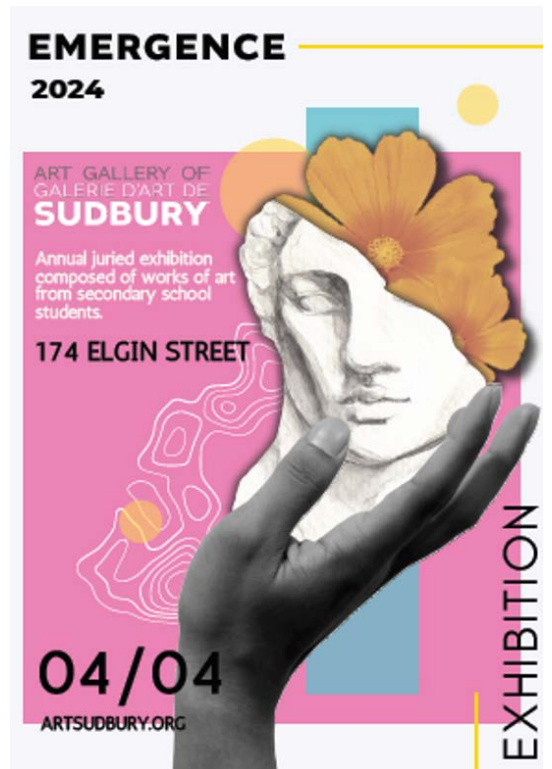

Physics

LCS EMERGENCE EXHIBITION

Looking for something to do this Saturday or sometime over the next few weeks? How about a walk downtown to see Sudbury Art Gallery's juried exhibit of student work from area high schools?

Lockerby has an impressive showing with 16 artworks in total. So...grab a coffee and help us celebrate our young artists. On account of renovations at the Bell Mansion, this year's exhibit will take place at 174 Elgin Street. The exhibit is open Wednesday to Saturday, 11:00am - 5:00pm, and runs until May 2nd, when there will be a closing reception from 5:00pm - 7:00pm.

ROCKET SCIENCE IN GRADE 10

Some of our students in Grade 10 Technological Design got to learn a little bit about physics and have some fun building a rocket (i.e. rocket science). Launch conditions were perfect and we are happy to report that 5 of 6 rockets made it back to earth safely!

Preparing for Launch

During the Boost Phase

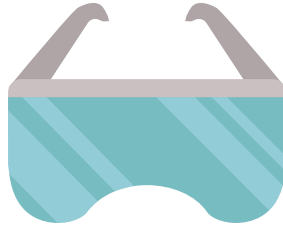

After a quick acceleration, the rocket entered its Coast Phase...don't worry; after travelling about 65m in 3.0s, this rocket was back on the ground.

MEDICAL TECHNOLOGIES - PPE

Personal Protective Equipment (PPE) is an important part of the medical field. This week, our Medical Technologies students learned how to properly don and doff their own PPEs.

CHESS ANYONE?

Aryan needs to be congratulated for the completion of his Grade 12 Technological Design project. Aryan developed the scope of the project that involved the design and construction of a wooden chess board complete with storage for all the pieces. Each square on the board has a magnet carefully embedded into it so the pieces will lock into position. In addition he made custom chess pieces using Blender that were 3D printed at the school. Aryan took full advantage of the opportunity to design and build the project of his choosing.

LOCKERBY MUSIC

Our Music Department wrapped-up our participation in this year's Sudbury Music Festival with three diamond ratings! Jaden H. was up first performing two solo pieces under the Lockerby banner. He managed a score of 97 out of 100 on his first piece and 95 on his second for a diamond rating on both pieces! Jaden also received an invitation to perform for the provincials for his first piece. Remarkable! Following him was the Lockerby Guitar Ensemble. They also received a diamond rating with a score of 90. Incredible work!

Our Wind Ensemble and Concert Band who performed last week, scoring an identical 85, heard on Monday that they have both been invited to perform for the Provincial level of the Ontario Music Festival Association. With that, 3 of our 5 entries have been invited to Provincials. An awesome feat! Well done everyone!

TUTORS

In partnership with the Rainbow District School Board, Lockerby Composite School has received funds to hire tutors to help support our students. We currently have tutors who are qualified to support students in Grade 9 - 11 Mathematics, Science, Chemistry, and Physics. Please contact Mrs. Beaudry at beaudrg@rainbowschools.ca or Ms. Baggs at baggs@rainbowschools.ca for more information.

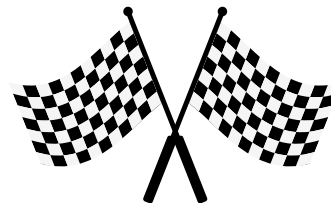

SCHOOL COUNCIL

Last Saturday, Lockerby's School Council hosted a Porketta Bingo. A sold out Viking Community crowd was on hand to support our students in the purchase of new technology, sporting equipment, and our Breakfast Club. A final fundraising dollar amount will be announced in the coming weeks, as donations and monies continue to be counted. School Council and Lockerby Composite School wishes to thank all those who were able to support this event! Looking forward to the next one!

LOCKERBY MARIO KART TOURNAMENT

For the past two weeks, our Vikings have been meeting at lunch and playing against one another in our 3rd annual 'LCS Mario Kart Tournament'. The gaming room has been filled with student players and spectators who are vying for top-spot! This week, after a heated stare-down, Mr. Lafraniere was eliminated from tournament play by a score of 2 -1.

THIS WEEK IN VIKING ATHLETICS...

Soccer

Congratulations to our Boys Soccer players who participated in the annual Lasalle Secondary School tournament! At the time of Newsletter print, the team had made the Semi-Finals!

Co-Ed Volleyball

Our Co-Ed Volleyball teams were in action this week, participating in the first tournament of the year!

FACES OF LOCKERBY

A message from your Student Council:

Hello Vikings! As in years past, we will continue to post photos of Lockerby students and staff, and sharing their stories, experiences, and insights!

Faces Of Lockerby

Ian Castonguay

What grade are you in and what is your favourite subject?

I am currently in grade 11 and my favourite subject is math.

11

What sports, clubs and extracurricular activities are you involved in?

A few sports I like to play are golf, pickleball, squash, badminton and running!

I am involved in a few extracurricular activities such as: the Cancer Drive Committee, Music Council and the Senior Band.

What is your favourite part about being a student here at Lockerby?

My favourite part about being a Lockerby student would be the teachers and the other students. Everyone is very kind and not shy to offer a helping hand or simply a nice comment while walking down the halls or in the classroom that could brighten someone's day.

What are your future dreams?

I hope to be able to enjoy a life of adventures and memories with my partner Lainna, doing many things like skydiving, hiking, travelling to different continents, or taking up a big project like rebuilding a house to become a home.

What is one fun fact about yourself?

One fun fact about me is that my family and I go to Manitoulin Island to tap maple trees for sap then bring it home to boil it down for delicious maple syrup. We sometimes even spend all night boiling it!

STUDENT SERVICES

Volunteer Opportunity

Sudbury ROCKS - Sunday, May 26th, 2024

Race, Run or Walk for Diabetes. Volunteer with the biggest race in our city - Sudbury Rocks. Register today to earn up to 10 hours towards your community service hours; visit <https://shorturl.at/aEH24> to register. For questions please reach out to sudburymarathon@hotmail.com.

Downtown Community Cleanup - April 21st, 2024

Downtown Sudbury in association with YMCA Sudbury will be hosting a community cleanup on Tuesday, April 21st, 2024. Join the team to help beautify our streets and combat plastic pollution. Collaborating with earthday.org's Planet vs Plastic. All participants will receive a free t-shirt and BBQ lunch. Visit Student Services Google Classroom to learn more and to register.

Women in Science and Engineering (WISE) Sudbury - April 28th, 2024

WISE Sudbury is seeking volunteers for their upcoming Olympics. Volunteers will be with the setup, logistics and providing guidance for the participants. If you are ready to be part of an unforgettable experience and help foster a love for science, engineering, trades and technology, WISE would love to have you on their team. Visit the Student Services Google Classroom to learn more and to register.

Class of 2024

Graduation Certificates and Achievements

Grade 12 students are reminded to check the Special Awards and Achievements list which is posted on the Students Services Glass Wall (STEP, French Immersion, SHSM, Community Service Hours). Students can also review the list within the Class of 2024 Google Classroom. This is the document that will be used for our Commencement Program as well as completion of special awards and certificates. If there are any errors students are asked to see Ms. Baggs or Mrs. Beaudry no later than April 12th, 2024.

Cambrian College - Spring Open House - Saturday, April 13th, 2024

Cambrian College Spring Open House will take place next Saturday, April 13th, 2024 from 10:00am to 2:00pm. The event will showcase their programs, services, campus, and more! Cambrian's Spring Open House is the perfect opportunity for students to meet faculty, deans, the recruitment team, and student services representatives. Visit Cambrian College's website to register.

Enrichment

Northern Ontario School of Medicine (NOSM) Discovery Day - Wednesday, May 15th, 2024

Discovery Days in Health Sciences are one-day events that provide secondary school students (Grades 10 - 12) with the opportunity to explore various career options in medicine and the health sciences through NOSM. High school students gain a clearer picture of what it would be like to be a health professional by interacting with researchers, clinicians and educators. This virtual event includes: a dynamic keynote lecture; interactive workshop, Health Pros Tell All career panel discussion, exhibits (static and interactive), and three breaks with an optional opportunity to take part in 1:1 'peer meet-ups.' For additional information visit the Student Services Google Classroom or email - Recruitment@nosm.ca.

McEwen School of Architecture's Summer Camp

Curious about a career in architecture? Archi-North in association with Laurentian's McEwen School of Architecture is an opportunity to expand your horizons at Canada's newest school of architecture. With instruction from faculty and recent graduates in English- or French-language sessions, Archi-North is proud to offer a one-of-a-kind introductory experience in architecture, design, drafting, and drawing to high school students entering Grades 11 and 12 in September 2024. To learn more students can visit McEwen's website.

STUDENT SERVICES

Aboriginal Secondary School Awards

On Wednesday, June 5th, 2024, The United Way Centraide North East Ontario, in partnership with N'Swakamok Native Friendship Center, is hosting the Annual Aboriginal Secondary School Awards for Grade 11 and 12 students. The event will begin at 5:00pm and will welcome hundreds of high school students, parents/guardians, teachers and community members to celebrate the achievements of Aboriginal youth in our communities. Students who self-identify as Indigenous and are currently in Grades 11 or 12 received a letter as well as registration forms. Students are asked to return the forms no later than April 18, 2024. Forms should be returned to Ms. Bags or Mrs. Beaudry in Student Services.

Ontario Secondary School Literacy Test (OSSLT)

Next week we have our second group of students participating in the OSSLT. Students will write Periods 1 and 2 on Tuesday, April 16th, 2024 and Wednesday, April 17th, 2024 beginning at 8:15am. Students with accommodations were sent home with a letter last week. If you have any questions or concerns, please contact Meghan Bags at baggs@rainbowschools.ca. We wish all of our writers good luck!

LCS PROM (2024)

Lockerby's Athletic Department is proud to be sponsoring the 2024 Promposal Contest! Two tickets to prom will be given to the couple who share the most creative, thoughtful or unique promposal by sharing it @lockerbysports by Friday, May 24th, 2024.
