Lockerby Composite School's weekly news on Viking academics, events, extra-curriculars, and more!

JUNIOR HOLLYWOOD DANCE

Student Council hosted their first dance of the year for our Lockerby Junior Vikings on Thursday evening! Our Grade 9 and 10 Vikings danced-up a storm and sang their hearts out all evening. Thank you to the Student Council, our staff chaperones, senior volunteers, and our custodial team for helping make this event a success!

FOOD AND CULTURE CLASS

Mr. Savage's Food and Culture class learned about the history of avocados while studying Mexico this week. They then made and enjoyed guacamole on Thursday!

TINKERCAD AND 3D-PRINTING

STEP Integration Days continue, as our Grade 9 students continue to work on building their STEP skills toolkit. This week, Mr. Bacon had our students exploring Tinkercad and learning how to utilize the design software to 3D-print...the final products will soon be unveiled!

ENVIRONMENTAL COUNCIL - WASTE REDUCTION

Lockerby's Environmental Council is committed to waste reduction, by eliminating food waste, bringing waste free lunches, and mitigating textile waste. This week, students learned how to repurpose kombucha SCOBYs (symbiotic cultures of bacteria and yeast) which are solid pucks that are a by-product of the kombucha brewing process, and would normally be discarded. Instead, they converted them into a completely biodegradable and waste free vegan leather-like material, which can then be used to make a variety of items. Our Viking Environmentalists are making holiday ornaments, and are looking forward to drying and decorating our eco-friendly creations!
