Lockerby Composite School's weekly news on Viking academics, events, extra-curriculars, and more!

## VEX VRC TOURNAMENT AT CAMBRIAN COLLEGE

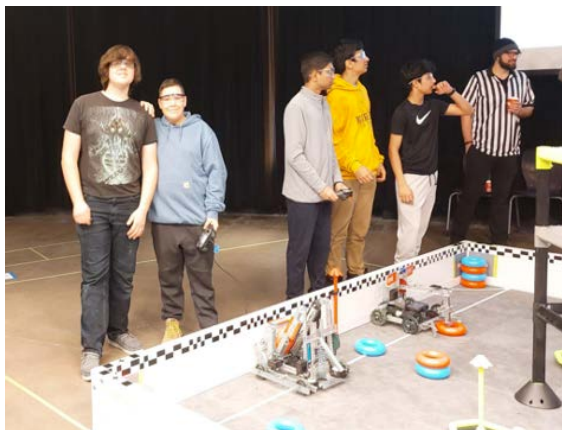

This past weekend, Lockerby Robotics participated in the Cambrian College VEX Robotics tournament. Four of our robotics teams participated in the VEX tournament using this year's robotics game 'High Stakes.'

It was a day filled with many highs and lows. Fun. Frustration. Excitement. And many laughs! All teams performed admirably in a stressful environment. Three of our four teams made it to the Semi-Finals before being eliminated. The tournament was an unforgettable experience for all involved!

Mr. Digiacomantonio and Mr. Campeau would like to thank all Robotics Club students for their dedication leading-up to this wonderful event. Excellent work Vikings! We would also like to thank Cambrian College for hosting such a great tournament once again this year. Lockerby Robotics now turns to the Skills Competition which will take place on February 26th, 2025.

## GRADE 9 STEP FAIR PROJECTS

Grade 9 STEP students are working hard on their STEP Fair projects, and some were ready to start their laboratory work (this past Integration Day). With the help of retired Forensic Botany professor Dr. Gerard Courtin, one group worked on extracting metal particles from sediment cores that they took a few weeks ago in a research wetland. They are hoping to answer the question, "Did metal kill the Sphagnum moss?" Another group of students is hoping to determine changes in sediment pH over time by referring to the same wetland core samples. Awesome stuff!

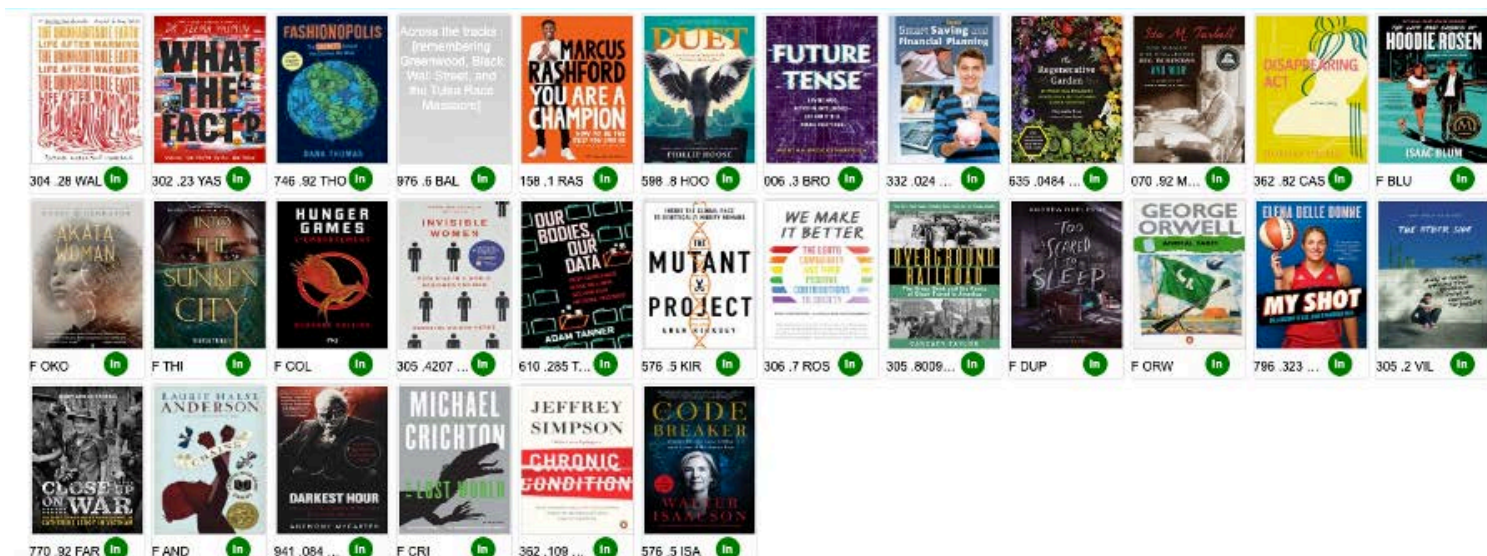

## GRADE 9 FRENCH IMMERSION

Grade 9 French Immersion students were delighted by Kees B.'s presentation about meringues - enough was made to share with the whole class! Très délicieux!

## NEWS FROM THE NOOK

Vikings are always invited to go to our OPAC and check-out what the Norse Nook has in stock to borrow. Most recently here are the latest new titles that have been added!

## EXAMINATION CONFLICTS

Auditorium

Should students have any conflicts, they need to notify the Main Office. A conflict is when a student is scheduled to write two examinations on the same day and at the same time. Students must speak to Mr. Lafraniere or Mr. Smith about their conflict for next steps.

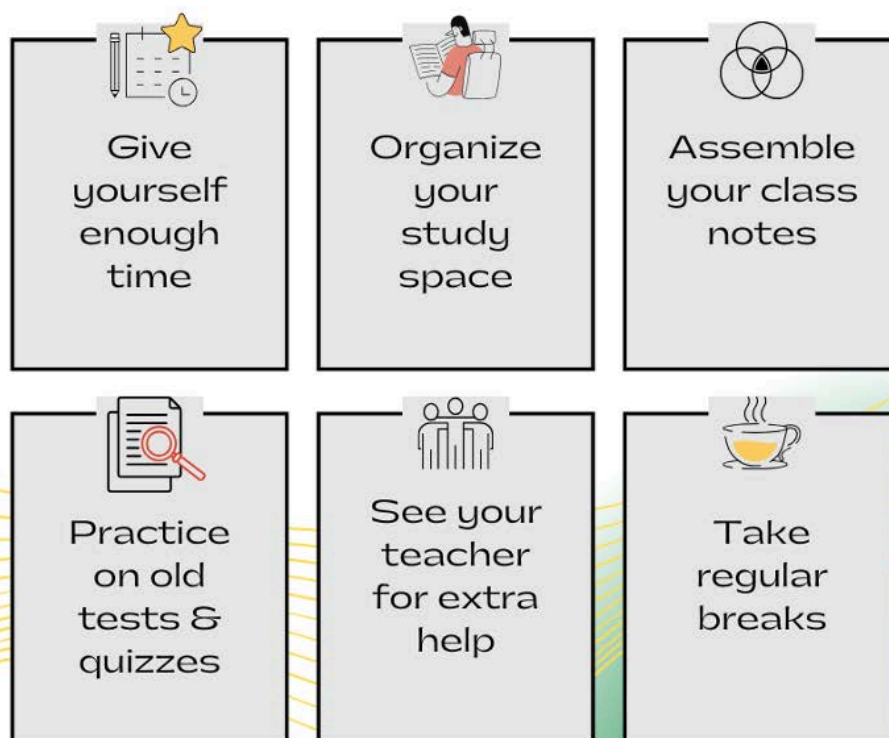

As always, students should arrive early to give themselves adequate time to prepare for writing their examination. Students cannot leave the examination area within one hour of examination start-time.
