Lockerby Composite School's weekly news on Viking academics, events, extra-curriculars, and more!

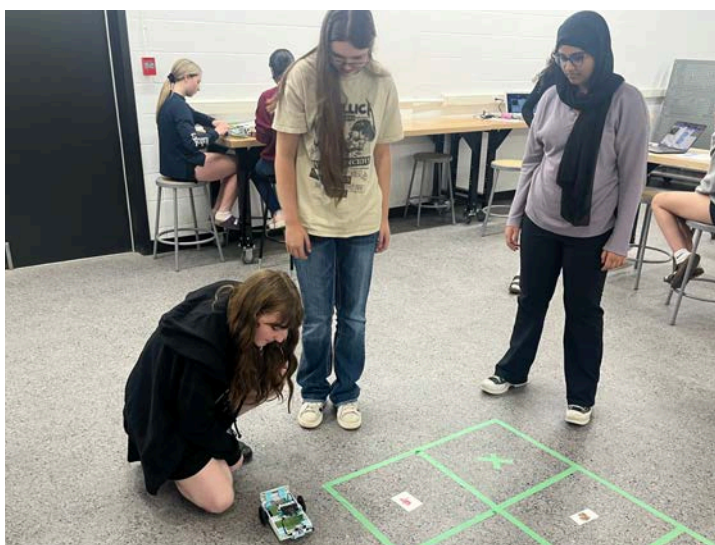

## LOCKERBY ECOSYSTEMS

It's the time of year when migratory birds make their journeys north to take advantage of the longer day lengths. It's also the time of year when scientifically minded Vikings make the journey to the greenspace around the school to view the spring arrivals. This week, some of our Grade 9 students are observed an American Redstart Warbler. Students also took advantage of the beautiful weather to get a closer look at moss, tree, and lichen species around Lockerby Composite School.

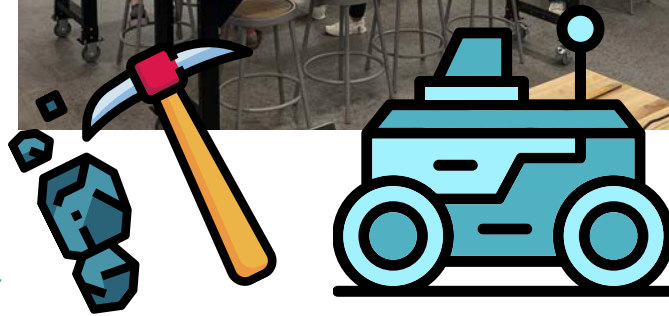

## STEP INTEGRATION DAY

This week's STEP Integration Day gave students an opportunity to learn about the mining sector. Students first 'mined cookies,' and then designed and programmed an autonomous moving vehicle to manoeuvre through an 'underground obstacle' course.

## MOSS WALK

The Sudbury Field Naturalists group invited interested Lockerby students to participate in a 'Moss Walk' at the Laurentian Conservation Area. Local experts including Dr. Peter Beckett, and Dr. Gerard Courtin explained to our students how to identify important moss species, and what their role is in our local recovering ecosystems!

## SCIENCE RECOGNITION

At Rainbow District School Board's last Board Meeting, Lockerby Vikings were recognized for their successes at this year's Sudbury Regional Science Fair. On hand to discuss their research to Trustees was Eden and Helia! Our Viking scientists will be headed to the Canada-Wide Science Fair in the coming weeks!

### Soccer

This past week, under the sunshine at Lily Creek, our Junior Boys Soccer team had an amazing game against Confederation Secondary School, winning 5 - 0! The goals were scored by Jared, Xander, Hudson, Parker, and Abdul. Plus, a huge congratulations to Brock for earning a shutout in his first official start in net!

#### University Applications - Important Dates

As of Thursday, May 29th, 2025 every student who has applied to a university program will have received a response from an Ontario university. A response will be either i), an offer, ii) a refusal, or iii) a deferral pending the receipt of specific additional information. By Monday, June 2nd 2025, Ontario universities require a response to an offer and most likely a financial commitment (e.g., registration deposit, residence deposit, etc.). Note that all other admissions-related elements including scholarships, student assistance or financial incentives, and residence are part of the offer of admission.

Students must also log into their OUAC accounts to accept their offers; this is a multi-step process. Students will receive a confirmation number once all of the steps in the process are completed. A video tutorial for online responses is available on the OUAC website. This video demonstrates the steps required to respond to a university offer of admission. (<https://www.ouac.on.ca/ugrad-tutorials/#respond>). When you successfully complete the submission process, you will immediately receive a confirmation number online. You will also receive the confirmation number by email along with a summary of your responses to offers of admission and/or changes to your application information. Important: if you do not immediately receive a confirmation number, your response was not saved. You then must log back into your online application and re-submit your response.
